

## Amy

*University of Regensburg, Germany*

I have enjoyed the whole Erasmus experience. It has been a fantastic year and I have had the chance to do so much more than I would have if I had stayed at York. Not only have I traveled and seen so many wonderful places, I have also made some great friends from different countries and backgrounds that I am already looking forward to meeting up with again.

In terms of language skills I have made a great deal of progress, I am now completely comfortable in having a conversation in a different language and feel

as though this year has helped me a lot with confidence outside of language learning too. The amount of paperwork and organisation involved also means I am far more organised!

Advice to students considering a year abroad would be to just do it! You'll meet new people and friends and just have the chance to experience so much that you can't at home. Also to be organised as when you arrive you're unlikely to have a printer and scanner so make everything as easy as possible for yourself. It goes quickly so travel and see as much as possible from the beginning on!
