Induction checklist

The list below provides guidance on what new staff need to know and outlines typical things that need to be covered during your Induction. It can be discussed and used in conjunction with your line manager.

Not all items may be applicable to all staff; similarly there may be other activities or information that need to be added to the list. You may want to agree with your manager on this. If your department has its own Induction Checklist then this may be used in place of this form.

Please sign off and date each item when the activity has been completed or when you have the required information. When completed, copies should be kept both by you and your line manager.

Name_________________________  Department___________________
Manager_______________________
