Proj No	Inf Strat	Priority	Project
Infrastructure			
1		A	University Intranet
2		A	reconfiguration of infrastructure servers to improve performance / resilience
3		A	central fileserver upgrade to improve response and capacity
4		B	managed NT service for non-core services
5		B	centralised back-up service for managed NT servers
6		A	new web caches to minimise transatlantic network charges
7		B	provision of LDAP service to implement a University wide email address book/diary software
8		B	develop policy and system for mailing lists based on LDAP service
9		A	improve network backbone resilience by provision of uninterrupted power supplies
10		B	enhance network security by development of firewall
11		A	improve networking to King's Manor
12		A	develop web/database integration systems
13	S	B	review Service training provision
14		A	replacement PCs for H/B40 training room
15		A	PC applications software licence monitoring
16		A	Room management system
17		B	Time and Attendance system
Educational Experience			
18		A	replacement PCs for G/169
19		A	replacement PCs for W/218
20		B	replacement PCs for K/120
21		C	replacement PCs for L/051
22		B	experimental Windows 2000 service in G/022
23		A	separate classroom and office Windows 95 services to improve resilience
24		C	distance learning software evaluation
25		C	MATLAB licence
26		A	Timetabling system - Web access for students
27	S	B	Plan for 10:1 student:PC ratio
28	S	C	PC sales/loans to students
29	S	C	monitor ownership of PCs and departmental provision
30	S	C	review facilities in teaching classrooms
31		A	Electronic transfer of module marks to MAC
Research			

32		A	bibliographic software evaluation and purchase
33		B	exploit postcode data
34	S	B	Research expertise database (R&I Office)
35	S	B	Research project management info - finance
36	S	C	Intellectual property/patent records (R&I Office)
37	S	C	Infrastructure for collaborative research

Statutory Requirements

Income Generation

External Interface

39	S	C	public affairs database (P&PR Office)
40	S	B	media contacts database (P&PR Office)
41	S	B	develop alumni system

Integrating and Enabling

42	S	B	investigate data capture methods
43	S	B	analysis tools for strategic information
44	S	B	development of electronic internal communication
45	S	B	minutes and agenda papers on Web
46	S	B	develop dial-up access policy
