

# Designing “Pro-Poor” Rewards for Ecosystem Services

**Day 1: Monday, April 7**

## **MORNING SESSION: ROOM 309**

### **8:30 Opening**

- Dr. Lisa Naughton (Geography and LTC Director)

### **8:40 KEYNOTE OPENING ADDRESS: Incentive-Compatible Institutional Design: Who’s in Charge Here?**

- Dr. Daniel Bromley (Anderson-Bascom Professor of Applied Economics)

### **9:15 Monitoring and Modeling Ecosystem Services on Regional and Global Scales**

- Dr. Jonathan Foley (Center for Sustainability and the Global Environment)

### **9:45 The State of Markets for Ecosystem Payments**

- Michael Jenkins (Forest Trends)

### **10:15 BREAK**

### **10:30 A View from Sub-Saharan Africa**

- Dr. James Murombedzi (Liberia Land Rights and Community Forestry Programme)

### **11:15 Targeting the Poorest Communities for Hydrological PES in Mexico**

- Dr. Carlos Muñoz (Instituto Nacional de Ecología, Mexico)

**12:00 LUNCH** for registered forum participants

## **BREAKOUT SESSIONS 1**

**1:00-2:30**

### **Room 226: Assessing and Monitoring Ecosystem Services**

- Holly Gibbs, leader (Center for Sustainability and the Global Environment)

### **Tracking the Fate of Deforested Land in the Tropics: Critical New Inputs for Ecosystem Service Evaluation**

- Holly Gibbs (SAGE)

### **Monitoring Human Impacts and Ecosystem Function in Africa’s Eastern Arc Forests**

- Dr. Rob Marchant (University of York)

### **Targeting PES: Opportunities for bundling biodiversity conservation carbon and water services in Madagascar**

- Kelly Wendland (Agricultural and Applied Economics)

Dr. Lisa Curran (Yale University), discussant

### **Room 309: PES for Poverty Alleviation**

- Dr. Brad Barham, leader (Agricultural and Applied Economics)

### **Economic Development, Watershed Degradation, and Ameliorative Policies in SE Asia**

- Dr. Ian Coxhead (Agricultural and Applied Economics)

### **Directing Local Tax Revenues and Specialized Brand Marketing into Pro-poor Payments for Biodiversity Conservation**

- Ann Koontz, MBA (Enterprise Works/VITA)

### **A view from Madagascar**

- Tendro Ramaharitra (University of California-Berkeley)

Dr. Steven Lawry (Harvard University), discussant

### **Room 205: Lessons from the US Experience**

- Dr. Harvey Jacobs, leader (Urban and Regional Planning)

### **Using Voluntary Incentives to Conserve Biodiversity—Lessons from US Case Studies**

- Dr. David Lewis (Agricultural and Applied Economics)

### **Targeting Ecosystem Services: Using Interdisciplinary Science to Enhance Effectiveness**

- Dr. Pete Nowak (Nelson Institute)

## Day 1: Monday, April 7 (continued)

### BREAKOUT SESSIONS 2

2:30-4:00

#### Room 309: Compensation and Other Incentives for Wildlife Conservation

- Drs. Adrian Treves (Nelson Institute) and Paula Kahumbu (Wildlife Direct), co-leaders

#### Conserving Snow Leopards through Community-based Incentive Programs

- Dr. Tom McCarthy (Snow Leopard Trust)

#### Direct Payments for Conservation:

#### Examples and Challenges from Cambodia

- Dr. Tom Clements (Wildlife Conservation Society)

#### Reflections on Kenya’s Experience with Incentive-based Wildlife Conservation

- Dr. Paula Kahumbu (Wildlife Direct)

Dr. Pete Coppolillo (Wildlife Conservation Society-Tanzania) and Leela Hazzah (Nelson Institute), discussants

#### Room 226: PES Amid Uncertain or Collective Land Tenure

- Dr. Lisa Naughton, leader (Geography and Nelson Institute)

#### Property Rights and PES

- Dr. John Kerr (Michigan State University)

#### Rewarding Indigenous Communities for Forest Conservation on Communal Land

- Luis Suarez (Conservation International-Ecuador)

#### Conditional Land Tenure in Watershed Protection Forest in Sumatra

- Suyanto (World Agroforestry Center)

Dr. Matthew Turner (Geography), discussant

### AFTERNOON SESSION (NOTE: the following two events will be held in Room 180 Science Hall, 550 N. Park Street)

4:30 KEYNOTE/WESTON LECTURE: From Timber to Palm Oil: Effects of Bornean Land Use Change on Carbon Emissions, Rural Livelihoods and Biodiversity

- Dr. Lisa Curran (Yale University)

5:30 RECEPTION, 175 Science Hall

## DAY 2: TUESDAY, APRIL 8

### MORNING SESSION: ROOM 309

10:20 Examples of Efforts to Visualize Ecosystem Services

Dr. Keith Alger (Center for Applied Biodiversity Science)

10:40-12 Panel: Priorities for Future Research and Action

Michael Colby (USAID), Malcolm Childress (World Bank), Matthew Turner (Geography), Oliver Coomes (McGill University)

NOON: FORUM CLOSES
