Source: Original analysis of Family Expenditure Survey and Expenditure and Food Survey database; supplied by Office for National Statistics.

Note: The figures for Scotland, Wales and Northern Ireland from 2000/01 may be distorted by small sample sizes and those for Northern Ireland for 2004/05 are omitted for that reason. In Tables 44a and 44c, figures for Northern Ireland exclude endowment policies from before 1984. From 2006 the reporting period for the Expenditure & Food Survey became the calendar year.
