Notes: From 1983/84 the introduction of the Unified Housing Benefit Scheme transferred the payment of housing benefit from the DSS to local authorities. As a result, from that date there is a large change in the balance between net rents and rent rebates.

Note: In the main this analysis follows the same format as Table 77a. However, some changes are inevitable due to the introduction of the 1989 Act housing finance regime, and the further change in 2004/05, following the ending of the direct link between housing subsidy and housing benefit subsidy. However, the 'notional' rent surpluses previously applied towards the cost of rent rebates are now transferred to NAW. In turn the NAW budget is reduced each year to compensate HM Treasury for the contribution no longer made from rents toward the costs of rent rebates. Figures from 2004/05 onwards are estimates from 2nd Advance HRAS forms.
