

Bethan

Le Club des Langues, Anglet, France

I have had a wonderful time living and working abroad. Daily life poses small challenges as I didn't always have the language to properly explain myself! My confidence has improved as I have really had to put myself out there in an effort to improve my French. I have had a great insight into the demands of the teaching profession and the language learning process which has made me consider how I approach my own learning. I have met so many interesting and kind people who have been so welcoming and supportive.

I would advise students to be completely open-minded and really make the most of what is a great experience.
