6. If during his term of office any Representative Governor becomes bankrupt or incapacitated to act, or expresses to the Governors in writing his wish to retire, or omits for the space of two years to attend any meeting, the Governors shall cause a record of the fact to be entered in their books, and shall give notice thereof to the body whom he represents, and upon such record being entered the Governor to whom it applies shall forthwith cease to be a Governor. Thereupon, or upon the death or expiry of office of a Representative Governor, the body to whom the election belongs shall, as soon as conveniently may be, elect a new Governor.

7. The Coöptative Governors shall be appointed to office for the term of eight years, and on the expiry of such term shall be capable of re-appointment. The first Coöptative Governors shall be the present Trustees of the Grammar School, or as many of them as will accept the office. Coöptative.

And until he has signed such a declaration he shall not be entitled to discharge the functions of a Governor.
- Religious opinions not to affect qualification.** 11. Religious opinions; or attendance or non-attendance at any particular form of religious worship, shall not in any way affect the qualification of any person for being a Governor under this Scheme.
- Masters.** 12. No master of the school shall be a Governor.
- Meetings of Governors.** 13. The Governors shall hold meetings, of each of which a notice in writing shall be sent to each Governor at least 10 days before the date of such meeting, in some convenient place within the Parish of Kibworth Beauchamp, or in some other convenient place to be fixed by themselves, as often as may be found necessary for the management of the Trust, and at least twice in each year, on some convenient days to be appointed by themselves.
- Chairman.** 14. The Governors shall, at their first meeting in each year, elect one of their number to be Chairman of their meetings for that year, and make arrangements for supplying his place in case of his absence.
- Quorum.** 15. A quorum shall be constituted whenever five Governors are present. Whenever any decision is carried by the votes of less than a majority of the whole existing number of Governors, any Governor may, within 14 days from the day of the decision, demand that the decision shall be once reconsidered at a special meeting.
- Special meetings.** 16. Any two Governors may at any time summon a special meeting for any cause that seems to them sufficient. A notice in writing of each such meeting shall be sent to each Governor at least 10 days before the date of such meeting.
- Notice.** 17. All special meetings shall be convened by notice in writing to the Governors, specifying the object of the meeting.
- Voting.** 18. All matters and questions shall be determined by the majority of the Governors present at any meeting; and in case of equality of votes, the Chairman shall have a second or casting vote.
- Adjournment of meetings.** 19. If a sufficient number of Governors to form a quorum are not present at any meeting, or if the business at any meeting is not fully completed, those present may adjourn the meeting to a subsequent day.
- Minutes.** 20. A minute book and proper books of account shall be provided by the Governors, and kept in some convenient and secure place of deposit to be provided or appointed by them for that purpose, and minutes of the entry into office of every new Governor, and of all proceedings of the Governors, shall be entered in such minute book and duly signed.
- Accounts.** 21. Full accounts shall be kept of the receipts and expenditure of the Governors, and such accounts shall be stated for each year, and examined and passed annually at the first meeting in the ensuing year, and signed by the Governors then present.
- Publication of accounts.** 22. The Governors shall cause sufficient abstracts of the accounts to be published annually in two local newspapers. Such abstracts may be in the form appended to this Scheme, unless any form is prescribed by the Charity Commissioners, in which case the form so prescribed shall be followed.
- Business arrangements.** 23. The Governors shall make such arrangements as they may find most fitting for the custody of all muniments, title deeds, and other documents belonging to the Trust, for deposit of money, for drawing cheques, and for the appointment of agents for the conduct of their business. If any such agent is himself a Governor he shall not be entitled to a salary.
- Vesting property.** 24. All lands and hereditaments, not being copyhold, belonging to the Trust, and all terms, estates, and interests therein, shall from date of this Scheme vest in the Official Trustee of Charity Lands, and his successors: And all stock in the public funds and other securities belonging to the Trust shall be transferred to and vest in the Official Trustees of Charitable Funds, by whom the dividends and income arising therefrom shall be from time to time paid to the Governors or their orders.

27. From the date of this Scheme all jurisdiction of the Ordinary, relating to or arising from the licensing of any master under this Trust, shall be abolished.

Jurisdiction of Ordinary abolished.

### PART III.—THE SCHOOL AND ITS MANAGEMENT.

28. The school shall be a day school and, if the Governors think fit, a boarding school, under the control of one head master.

Day and boarding school.

29. No person shall be disqualified for being a master in the school by reason only of his not being, or not intending to be, in Holy Orders.

Masters not to be required to be in Holy Orders.

30. The Governors shall appoint the head master at some meeting to be called for that purpose, as soon as conveniently may be after the occurrence of a vacancy, or after notice of an intended vacancy. He shall be a graduate of some University within the British Empire. The circumstance that he has taken or made, or omitted to take or make, any oath or declaration on obtaining a degree shall not affect his qualification. In order to obtain the best candidates, the Governors shall for a sufficient time before making any appointment give public notice of the vacancy, and invite competition by advertisements in newspapers, or by such other methods as they may judge best calculated to secure the object.

Head Master. Appointment.

31. The Governors may dismiss the head master without assigning cause, after six calendar months' written notice, given to him in pursuance of a resolution passed at two consecutive meetings held at an interval of at least 28 days, and duly convened for that express purpose, such resolution being affirmed at each meeting, by not less than two thirds of the Governors for the time being: Provided, nevertheless, that if they think fit to dismiss the Rev. John Henry Green, the present head master, without assigning cause, or for any cause other than misconduct, at any time before the 1st October 1883, or if he resign or dies before that date, he or his representatives shall be entitled to receive from the Trust property compensation for all improvements on the Trust property made by him at his own expense before the date of this Scheme remaining unexhausted at the time of such dismissal, resignation, or death. If the amount of this compensation is not fixed and determined by agreement between the Governors for the time being and the present head master or his representatives, either party may apply to the Charity Commissioners to determine the amount to be paid, and their award shall be binding and conclusive on both parties.

Dismissal.

32. For urgent cause the Governors may, by resolution passed at a special meeting duly convened for that express purpose, and affirmed by not less than two-thirds of the whole existing number of Governors, declare that the head master ought to be dismissed from his office, and in that case they may appoint another special meeting to be held not less than a week after the former one, and may then, by a similar resolution, affirmed by as large a proportion of Governors, wholly and finally dismiss him. And if the Governors assembled at the first of such meetings think fit at once to suspend the head master from his office until the next meeting, they may do so by resolution affirmed by as large a proportion of Governors. Full notice and opportunity of defence at both meetings shall be given to the head master.

33. Every head master, previously to entering into office, shall be required to sign a declaration, to be entered in the minute book of the Governors, in the following form:—

Declaration by head master.

"I, \_\_\_\_\_, declare that I will always, to the best of my ability, discharge the duties of head master of the Kibworth Grammar School during my tenure of the office, and that if I am removed by the Governors, according to the constitution of the said School, I will acquiesce in such removal, and will thereupon relinquish all claim to the mastership and its future emoluments, and will deliver up to the Governors, or as they direct, possession of all their property then in my possession or occupation."

34. The head master shall give his personal attention to the duties of the school, and during his tenure of office he shall not accept or hold any benefice having the cure of souls, or any office or appointment which, in the opinion of the Governors, may interfere with the proper performance of his duties as head master.

Head master not to have other employment.

35. Neither the head master nor any assistant master shall receive or demand from any boy in the school, or from any person whomsoever on behalf of any such boy, any gratuity, fee, or payment, except such payments as are prescribed or authorised by this Scheme.

Masters not to receive other than authorised fees.

36. Within the limits fixed by this Scheme the Governors shall prescribe the general subjects of instruction, the relative prominence and value to be assigned to each group of subjects, the division of the year into terms and vacations, the payments of day scholars, the number and the payment of boarders, and the number of holidays to be given in the term. They shall take general supervision of the sanitary condition of the school buildings and arrangements. They shall determine what number of assistant masters shall be employed. They shall every year assign the amount which they think proper to be paid

Jurisdiction of Governors over school arrangements.

## SCHEME FOR THE MANAGEMENT OF THE

out of the income of the trust for maintaining assistant masters and a proper plant or apparatus for carrying on the instructions given in the school.

Governors to consult the head master.

37. Before making any regulation under the last foregoing clause, the Governors shall consult the head master in such a manner as to give him full opportunity for the expression of his views.

Jurisdiction of head master over school arrangements.

38. Subject to the rules prescribed by or under the authority of this Scheme the head master shall have under his control the choice of books, the methods of teaching, the arrangement of classes and school hours, and generally the whole internal organisation, management, and discipline of the school: Provided that if he expels a boy from the school, he shall forthwith make a full report in writing of the case to the Governors.

Assistant masters. Payments.

39. The head master shall have the sole power of appointing and, subject to an appeal to the Governors, of dismissing all assistant masters, and shall determine, subject to the approval of the Governors, in what proportions the sum assigned by the Governors for the maintenance of assistant masters and of plant or apparatus shall be distributed. And the Governors shall pay the same accordingly, either through the hands of the head master or directly, as they may think best.

Proposals by head master.

40. The head master may from time to time submit proposals to the Governors for making or altering regulations concerning any matter within their province, and the Governors shall consider such proposals and decide upon them.

Income of head master.

41. The head master shall receive a fixed stipend of 150 £ a year. He shall also receive head money, calculated on such a scale, uniform or graduated, as may be agreed upon between him and the Governors, being at the rate of not less than 4 £, nor more than 6 £ yearly for each boy. These payments shall be made terminally or quarterly, as the Governors think fit. For the first three years after the date of this Scheme the head master shall receive under the trust an income of not less than 300 £ a year, and in any first three years after the appointment of a new head master the Governors may guarantee to the head master an income under the Trust of not less than 300 £ a year for such three years.

Payments for entrance, tuition, and boarding.

42. All boys, except as hereinafter provided, shall pay such entrance and tuition fees as the Governors shall fix from time to time, provided that no such entrance fee shall exceed 2 £, and that no such tuition fee shall be less than 6 £ or more than 10 £ a year. The payments for a boarder, apart from tuition fees, shall not exceed the rate of 40 £ a year. The Governors may also charge any boy using the laboratory or receiving special instruction in Natural Science an extra fee not exceeding 3 £ a year. No difference in respect of fees shall be made between any scholars on account of place of birth or residence, or between day scholars and boarders in other than boarding fees. No extras of any kind shall be allowed without the sanction of the Governors and consent on behalf of the scholar concerned, to be signified in writing by his parent, guardian, or next friend.

43. All payments for entrance or tuition shall be made in advance to the head master, or to such other person as the Governors shall from time to time determine, and shall be accounted for by the person receiving them to the Governors, and treated by them as part of the general income of the Trust.

Ages for the school.

44. No boy shall be admitted into the school unless he has attained the age of eight years. No boy shall remain in the school after the end of the term in which he attains the age of 17 years.

To whom school is open.

45. Subject to the provisions established by or under the authority of this Scheme, the school, and all advantages of the school shall be open to all boys who are of good character and sufficient health, and who are residing with their parents, guardians, or next friends, or in some boarding house established under the sanction of the Governors. No boy not so residing or boarding shall be admitted to the school unless he has previously obtained the express permission of the Governors and the head master.

Mode of admission.

46. Applications for admission to the school shall be made to the head master, or to some other person named by the Governors, according to a printed form to be approved of by the Governors, and delivered to all applicants.

Register of applications.

47. The head master or other person named by the Governors shall keep a register of applications, showing the date at which every application is made for the admission of a boy, the date of his admission, withdrawal, or rejection, the cause of rejection, and the age of the boy at the date of the application.

Entrance examination.

48. Every applicant for admission shall be examined by or under the direction of the head master, who shall appoint convenient times for that purpose, and give reasonable notice to the parents of those whose turn is arriving. No boy shall be admitted to the school except after undergoing such examination and being found fit for admission. Those who are so found fit shall, if there is room for them, be admitted in order according to the dates of their application, but the Governors may direct that, if there is not room, their priority shall be determined by competitive examination.

49. The

501

49. The examination for admission shall be graduated according to the age of the boy, but shall never fall below the following standard:—

Reading easy narrative  
Writing small text hand.  
The first four rules of arithmetic.  
The outlines of the geography of England.

The Governors may raise the minimum standard from time to time if they deem it advantageous for the school.

50. The parent or guardian of or person liable to maintain or having the actual custody of any day scholar may claim, by notice in writing addressed to the head master, the exemption of such scholar from attending prayer or religious worship, or from any lesson or series of lessons on a religious subject; and such scholar shall be exempted accordingly, and a scholar shall not by reason of any exemption from attending prayer or religious worship, or from any lesson or series of lessons on a religious subject, be deprived of any advantage or emolument in this school or out of this Trust to which he would otherwise have been entitled. If any teacher in the course of other lessons at which any such scholar is in accordance with the ordinary rules of the school present, teaches systematically and persistently any particular religious doctrine, from the teaching of which any exemption has been claimed, as in this clause before provided, the Governors shall, on complaint made in writing to them by the parent, guardian, or person liable to maintain or having the actual custody of such scholar, hear the complainant, and inquire into the circumstances, and if the complaint is judged to be reasonable, make all proper provisions for remedying the matter complained of.

Provisions for special exemptions from religious instruction and worship.

51. The Governors and head masters shall, within their respective departments, as hereinbefore defined, and subject to the provisions of this Scheme, make proper regulations for the religious instruction to be given in the school, and in prescribing such instruction due regard shall be had to that which has hitherto been customary in the school.

Instruction: Religious.

52. No alteration in any regulations made by the Governors respecting the religious instruction to be given in the school shall take effect until the expiration of not less than one year after notice of the making of the alteration is given.

53. The subjects of secular instruction shall be as follows:—

Secular.

Reading and Writing.  
Arithmetic and Mathematics.  
Natural Science.  
English Grammar, Composition, and Literature,  
History and Geography.  
The Latin Language and Literature.  
At least one Foreign European Language.  
Drawing.  
Vocal Music.

The boys shall be instructed in the foregoing subjects according to the classification and arrangements made by the head master. Greek may be taught as an extra at an additional fee of not less than 3*l.* a year for each boy. The Governors may also make provisions for special instruction in Natural Science, or establish a Scientific Department in the school or in union with any local committee, or otherwise provide evening classes for instruction in connexion with the Department of Science and Art.

54. There shall be once in every year an examination of the scholars by an Examiner or Examiners appointed for that purpose by the Governors, and paid by them, but otherwise unconnected with the school. The Examiners shall report to the Governors on the proficiency of the scholars, and on the position of the school as regards instruction and discipline, as shown by the results of the examination. The Governors shall communicate the reports to the head master.

Annual examination.

55. The head master shall make an annual report in writing to the Governors on the general condition of the school, and on any special occurrences during the year. He also may mention the names of any boys who in his judgment are worthy of praise or substantial reward, having regard both to proficiency and conduct.

Head master's annual report.

56. The Governors shall establish Exhibitions tenable at the school, amounting in the aggregate to the yearly value of 60*l.* or thereabouts, to be competed for by boys between 10 and 13 years of age, who are candidates for admission to the school, and have been educated for at least two years at some Public Elementary School in Kibworth Beauchamp, Kibworth Harcourt, and Smeeton-Westerby, in the County of Leicester, and who or whose parents or guardians reside in any of such parishes or townships. All such Exhibitions shall be given as the reward of merit only, and shall be assigned on the result of an examination in the subjects taught at Public Elementary Schools, and such other tests of merit as the Governors shall deem sufficient, and no Exhibition shall be granted to any boy if the head master of his school reports that he is rendered undeserving of it by ill-conduct. In default of fit candidates so qualified as aforesaid, these Exhibitions shall

Exhibitions at the school open to candidates for admission from the neighbourhood.

shall be freely and openly competed for by any boys between 10 and 13 years of age in an examination in subjects prescribed by the Governors and the head master. Every such Exhibition shall be liable to forfeiture in the event of misconduct or failure to maintain a reasonable standard of proficiency.

**Other Exhibitions.** 57. The Governors may also, so far as the state of the funds admits, establish Exhibitions tenable at other places of higher education, and to be awarded by open competition among the boys who have been educated at the school for such time, not being less than two years, previous to the grant of the Exhibition as the Governors may prescribe.

**Exhibitions not to be perverted from their proper purpose.** 58. The Exhibitions established under this Scheme shall be tenable only for the purposes of education. If the holder dies, his representative shall be entitled only to the next instalment, whenever payable. If the holder is guilty of gross misconduct or idleness, or wilfully ceases to pursue his education, the Governors may determine the Exhibition.

#### PART IV.—APPLICATION OF INCOME.

**Repairs and Improvements Fund.** 59. The Governors shall, as soon as funds are available for the purpose, pay off the present debt of 100*l.* incurred for necessary repairs up to the date of this Scheme, and shall place the sum of 666*l.* 13*s.* 4*d.* consols to a separate account in the name of the Official Trustees of Charitable Funds, entitled "Repairs and Improvements." The income shall be paid to the Governors, and applied by them in ordinary repairs or improvements of property belonging to the Trust used for the purposes of the school, and if not wanted for that purpose shall be accumulated by them to the same account. The Governors shall draw upon the accumulations at their discretion for the purpose of any such repairs or improvements, but shall not encroach upon the capital, except for the purpose of substantial improvements or extraordinary repairs or renewal of such property, and then not without the consent of the Charity Commissioners, and under such conditions of replacing the capital as that Board may think right.

60. Until the Repairs and Improvements Fund is provided, the Governors shall treat the sum of 20*l.* per annum as applicable to the same purposes as the Repairs and Improvements Fund, except that they may lay by any surplus in the ordinary way, and need not pay it over to the Official Trustees of Charitable Funds.

**Other expenses.** 61. After defraying the expenses of management, and of any ordinary repairs or improvements which the income of the Repairs and Improvements Fund may be insufficient to answer, and making any payments proper in respect of interests saved under this Scheme, or of other legal claims affecting the Trust estate, the Governors shall employ the income in making the payments hereinbefore prescribed for the head master, in paying the amounts assigned for the assistant teachers and school plant or apparatus, and in paying the examiner or examiners, and in providing for such Exhibitions and Prizes as they may have adjudged.

**Pensions.** 62. The Governors may, if they think fit and the funds suffice for the purpose, agree with the head master for the formation of a fund in the nature of a Pension or Superannuation Fund, the main principles of such agreement being that the head master and the Trust Fund shall each contribute annually, for a period of 20 years, such sums as may be fixed on; that these contributions shall accumulate at compound interest; that in case the head master serves his office for 20 years he shall on his retirement be entitled to the whole fund; that in case he retires earlier on account of permanent disability from illness, or dies earlier, he shall also be entitled to the whole fund; that in all other cases he shall, on his ceasing to be master, be entitled to the amount produced by his own contributions.

**Residue.** 63. If there is any residue of income the Governors may employ it in increasing the stipend of the head master, or the fund applicable to the payment of assistant teachers and school plant, apparatus, or Exhibitions, in improving the accommodation of the school buildings, in aiding the games of the scholars, or generally in promoting the spirit and efficiency of the school. Whatever they do not think fit to spend in these ways they shall, on passing the yearly accounts, state as unapplied surplus, and shall deposit it in a bank; and if the sums so deposited rise to 200*l.* they shall invest the same in manner aforesaid to the general credit of the Trust.

#### PART V.—GENERAL.

**Provision for playground.** 64. The Governors shall, as soon after their body has been fully constituted under the provisions of this Scheme as can conveniently be managed, appropriate a sufficient and convenient part of the Trust lands adjacent or near to the school buildings for the purposes of a playground for the school.

**Saving of interests.** 65. Nothing in this Scheme shall affect the interest of any boy admitted as a Free or Foundation scholar at the school before the 1st day of January 1874.

**Further endowments.** 66. The Governors may receive any additional donations or endowments for the general purposes of the Trust. They may also receive donations or endowments for any special objects directed by the donors, provided that such objects are certified by the

KIBWORTH BEAUCHAMP GRAMMAR SCHOOL.

the Charity Commissioners to be for the general benefit of the school, and not calculated to give privileges to any scholar irrespectively of merit, and not otherwise inconsistent with or calculated to impede the due working of the provisions of the Scheme.

67. If any doubt or question arises among the Governors as to the proper construction or application of any of the provisions of this Scheme, the Governors may apply to the Charity Commissioners for their opinion and advice thereon, which opinion and advice when given shall be binding on the Governors. Charity Commissioners to decide in doubtful questions.

68. The Charity Commissioners may from time to time, in the exercise of their ordinary jurisdiction, frame Schemes for the alteration of any provisions of this Scheme or otherwise for the government or regulation of the Trust, provided that such Schemes be not inconsistent with Clause 1 of this Scheme, or with anything contained in the Endowed Schools Acts, 1869 and 1873. Charity Commissioners to make new Schemes.

69. This Scheme shall be printed, and a copy given to every person who shall become a Governor of the Trust, and to every master, or assistant master or teacher appointed to the school, and copies shall be sold at a reasonable price to all persons who may wish to buy. Scheme to be printed and sold.

70. The date of this Scheme shall be the day on which Her Majesty by Order in Council declares her approbation of it. Date of Scheme.
