WORKSPACES

# The Guildhall

Conveniently located in York city centre, The Guildhall offers a range of workspace solutions to suit your business needs; from co-working spaces to help foster collaboration, to office spaces to support your business's formation and growth.

Businesses based at The Guildhall will have access to the knowledge and expertise of world-leading academics at the University of York and an annual programme of events and workshops; including learning lunches and social events.

## York Science Park

York Science Park, based at the University of York campus are a highly experienced team who have been facilitating and supporting business start-up and growth for 30 years.

Managing five buildings with over 137,000 sqft, The Guildhall is a fantastic addition to an already diverse portfolio of spaces managed by the Science Park.

York Science Park enables businesses to connect with world leading knowledge and expertise at the University of York.

At The Guildhall, we offer a range of office and co-working spaces set up with collaboration in mind from the start. Spaces are equipped with a range of furniture to encourage teamwork and collaboration, with the addition of private breakout spaces making the space perfect for the new world of work.

The Guildhall York
