2. Introduction

Dear Colleagues and Visitors,

We are extremely fortunate at York to be able to play our role in developing our parkland campus to support the needs of a world class university in the 21st Century. The open spaces surrounding our buildings are integral to the unique character of The University of York. Careful design of the open spaces has made them inclusive to everyone and we share our grounds with visitors and members of the public.

As custodians of the site, we are developing the campus towards sustainable maturity with some areas sensitively set aside for the preservation of natural flora and wildlife, while others are designated for amenity and sports. It is important to have guidance in place to ensure that we are all able to enjoy the campus safely and that any activities potentially impacting on the well-being or enjoyment of others, or the Estate itself is appropriately managed.

Our Rules for the Use of Campus Grounds set out the standards we expect to ensure that the Grounds of the University remain inclusive and sustainable for posterity as an inspirational environment to be enjoyed by all.

We reserve the right to amend the rules from time to time as may be required.

3. Lands Affected
The lands to which these rules apply consist of University of York Campus East & Campus West, King’s Manor and other sites occupied exclusively by the University of York (‘the University’), including all roads whether adopted or un-adopted by the City of York Council (with the boundary of lands of the main campus being shown by a black line on the plan referred to at the end of this document), all of which lands are referred to as 'The Campus'. These rules do not apply to public rights of way or roads adopted by the City of York Council which are covered by local and national legislation.

4. Use of Lands by Public
Subject to the provision of these rules the public may use footpaths and designated cycle routes for purpose of open-air pedestrian or non-powered bicycle recreation during hours of daylight when the campus is not being exclusively used for University purposes. However, such usage is strictly at the discretion of the University, whose consent is given by way of a licence at will only and can be revoked at any time, and is given subject to those using the campus accepting and observing these rules. Access to buildings other than Commercial buildings, Reception Porters or for organised events is by invitation only.
