## Committee Objectives and Outcomes

Constitution and Nominations Committee’s primary objectives are to ensure that the University’s constitutional and corporate governance framework is effective. A second strand of the Committee’s work is recommending for Council approval, nominations for honorary degrees and other non-academic honorary awards of the University.

A key outcome of the Committee’s work is to engender confidence on behalf of Council and the Court, to the wider University community, stakeholders and external regulatory and membership bodies (including the Office for Students (OfS) and the Committee of University Chairs (CUC) that transparent, accountable and responsible constitutional and nominations arrangements exist.
