Exchange Scheme with the City University of Hong Kong

Where is CityU?
City University of Hong Kong is a public research university in Kowloon Tong, Hong Kong. It was founded in 1984 as City Polytechnic of Hong Kong and became a fully accredited university in 1994. It is one of eight government-funded degree-granting tertiary institutions and is globally recognised as a top centre of higher learning and research.

Who can go?
- Two places will be made available to York undergraduate students in 2019/20.
- This will replace your 2nd year of study at York for credit-replacing programmes (or the 2nd/3rd year of study if you’re on a 4 year programme). Please speak to your department about the availability of extended degrees that allow you to take an additional year to study abroad.
- Please note that replacement credit for some courses may not be possible due to availability of modules at CityU.
- You should speak to your supervisor/department if you intend to apply for any of the study abroad opportunities.
- Please consult the ‘Opportunities by Subject’ webpage to see if your department is eligible for exchange.

Courses
- Students will be expected to take 12 credits per semester (24 a year) for a normal full-time course load during their year at CityU. All credits should be taken in the student’s degree subject in order to achieve the equivalent of 120 York credits.
- All City U courses are taught in English and all departments accept exchange students. However, some classes are more popular than others so they cannot be guaranteed. These courses include Mandarin and Cantonese classes for non-Chinese speaking students, Economic & Finance and Marketing.
- The course catalogue serves as a general guide to the courses available. However, not all courses may be available in each semester and some may be restricted. The catalogue for the previous 2018-19 courses can be accessed here: cityu.edu.hk/exchange_visiting/exchange/info/
- Course codes starting with 1, 2, 3 or 4 (e.g., GE 1111, CS2114, AIS2012, MA4152) are undergraduate courses (indicating year of study).

How will my marks be assessed/converted?
- Grade Conversion Tables for each institution will be made available to successful applicants.
- University of York staff can access Grade Conversion Tables here: york.ac.uk/students/study-abroad/accepted/#tab-5
- Please ensure that you are fully aware of how your grades will be converted on your return to York. Students on additional years will have different arrangements to those on credit-replacing exchange.

What’s it like to study there?

‘A year abroad in Hong Kong eventually turned in to all the optimistic expectations I had for it. It did, however, take a while to become that. My two answers to the repeated question of “How was Hong Kong?” varied greatly from December to May. In my first semester, I definitely learned how to enjoy my own company, and how to be a productive worker.

Hong Kong .......... surprised me - ...........I went with expectations of an urban jungle, but instead found myself within an hour of white sand beaches, and peaks of nearly 1000 metres. I also believe that being a minority was a notable feature of my experience.

I have come home from Hong Kong a different person (hopefully better and a bit more interesting) [and] with new friends - applying to study abroad is one of my best decisions so far.’

Where will I live?

- On-Campus Housing:

  Exchange students may apply for on-campus accommodation, although it is not guaranteed due to limited capacity. Applications should be made online when students apply for the exchange. An undergraduate hall, double room fee is HK$6,000 a semester (2017/18). More information can be found at: cityu.edu.hk/sro/htm/e_apply3_fee_ug.htm

- Off-Campus Housing:
If on-campus accommodation is not available, exchange students should be prepared to arrange their own off-campus accommodation. City U has an online portal which gives help and information on on-campus housing options, peer support and searching for a flatmate/roommate, along with legal advice and other useful resources.
