Exchange Scheme with the University of Denver

Where is University of Denver?

Founded in 1864—just a few years after the city of Denver itself was founded—the University of Denver is one of the USA’s premier private universities, located at the foot of the Rocky Mountains, the 125-acre campus is a few miles south of downtown Denver, and is home to around 12,000 students.

Who can go?

- **One place** will be made available to York undergraduate students in 2020/21.
- This will replace your 2nd year of study at York for credit-replacing programmes (or the 2nd/3rd year of study if you’re on a 4 year programme). Please speak to your department about the availability of extended degrees that allow you to take an additional year to study abroad.
- Please consult the Opportunities by Subject webpage to see if your department is eligible for exchange.

Courses

- Students will be expected to take **36 credits** during their year at Denver (over three semesters so **12 credits per semester**). All 36 credits should be taken in the student’s degree subject in order to achieve the equivalent of 120 York credits.
- If a student wishes to take extra courses in other non-degree related subjects, they should limit this to an additional 3 credits per semester.
- At Denver as a general rule—1000 level= 1st year; 2000=2nd year, 3000=3rd and 4th year. Classes at the 4000 level or above are considered graduate level classes and students would need special permission from the department to take those courses.
- The course catalogue serves as a general guide to the courses available. However, not all courses may be available in each semester and some may be restricted. You should check the Denver scheduling for a directory of courses available in the following academic year
- Most courses are open to exchange students although some may require prerequisite confirmation.
- The course catalogue for the 2018 courses can be accessed here as a general guide: du.edu/registrar/course/scheduleofclasses.html

How will my marks be assessed/converted?

- Grade Conversion Tables for each institution will be made available to successful applicants. Grades will only be converted for credit replacement students.
- University of York staff can access Grade Conversion Tables here: york.ac.uk/students/study-abroad/accepted/#tab-5
- Please ensure that you are fully aware of how your grades will be converted on your return to York. Students on additional years will have different arrangements to those on integrated study.

**What’s it like to study there?**

“My first impression of Denver was how flat it was, driving up to the city it stood out on the otherwise completely flat landscape… a bit of a surprise given I’d just landed in a state most famous for its mountains and ski resorts. Arriving at the University, the mountains stood out to one side and the city extended to the other- with red brick buildings and open green spaces the campus was beautiful. My
first impression was no doubt helped by a clear blue sky and what seemed to be extensive landscaping.”

“Arriving a week before term started all the international students were thrown together on one floor, and sent to meetings and introductory lectures together; this certainly helped to bring us together and was a good way to get to know people, in a totally new environment.”

Aisling, Environment Student, Year Abroad 2016/17

“I have definitely become much more confident in my capabilities, and have had so much fun! I have made lifelong friends and found people I really connect with. Academically, my courses have been the most interesting and challenging I could wish for.”

Chloe, English and Related Literature, Year Abroad 2018/19

Where will I live?

- Denver guarantee incoming exchange students housing (generally a single bedroom/studio apartment but subject to housing options available) for their time on exchange as long as you complete housing application steps on time (generally May 1 deadline, instructions sent after acceptance as exchange students). Students who miss the housing deadline are not guaranteed an on-campus option. Regardless of on or off-campus housing, students are responsible for housing costs and cost of living expenses.

On-Campus Housing:

- You can learn more about each on-campus residence hall by going to this webpage: [https://www.du.edu/housing/buildings/index.html](https://www.du.edu/housing/buildings/index.html)
- Charges are per quarter and costs vary based on the room and meal plan requested.
- On-campus apartment housing at DU is gender neutral. If you have a strong preference for a single sex apartment, please let DU know at your earliest convenience and they will do their best to accommodate it. While these buildings are not single sex buildings, individual bedrooms and suites are single sex.

Off-Campus Housing:

- Students interested in off-campus housing are responsible for making their own arrangements and can find further resources here: [du.edu/housing/resources/offcampus.html](http://du.edu/housing/resources/offcampus.html)
