**Visa**

*Please be aware that Centre for Global Programmes staff are not qualified to offer consultations or in-depth advice regarding visa applications. Immigration laws are complex and subject to frequent changes. Therefore if you do have any further questions about the process of applying for your visa you will need to contact the appropriate Embassy directly. The information below is intended as guidance only and unless otherwise stated applies only to UK citizens without exceptional circumstances.*

- Students are required to submit an application for the Certificate of Eligibility (CoE) along with the other required documents by the exchange program application deadline.

- Tohoku University will then apply to the Immigration Bureau for the CoE on behalf of students. It takes 2 months to get the certificate so make sure you apply in good time.

- Then, the CoE will be sent to the partner universities/students.

- Students must apply for the VISA using the CoE at the Japanese embassy/consular office in their country before departure for Japan.

**What’s it like to study there?**

- This is a new exchange, we have not yet sent any students to Tohoku. We have however sent students to Japan who would be happy to share their experiences. Please contact us for further information.
