## INTRODUCTION

The Guide to the Archive Collections in the Borthwick Institute of Historical Research, published in 1975 (Borthwick Text and Calendar 1), contained an account of the collections as they existed in August 1972. This present Supplementary Guide details all the accessions from that time until May 1980. It will be seen that a considerable amount of important material, diocesan, parochial and private, has been deposited in the Institute during these years. Another notable feature has been the acquisition of archives and collections from within the University, not only the early records of the University itself, but also the archives of the Centre for Southern African Studies and collections from the University Library and several departments. The Institute has also been involved in the sorting and listing of the Rowntree Papers deposited at the University's Institute of Social and Economic Research.

It should also be noted that at present it is possible, with permission, to make arrangements to consult the papers of the Earl of Halifax (Wood family of Hickleton and Garrowby) at the Institute. These records are kept at Garrowby Hall.

The arrangement of the Supplementary Guide follows that of the Guide. In respect of additions to existing deposits, page numbers in parentheses refer to the appropriate pages of the Guide where more details of the material can be found. The two appendices contain a record of summary lists completed (in addition to those noted in the main text) and the microfilm and photocopy collections of the Institute.

The compilation of any guide implies a great deal of corporate effort and I must express my thanks to my colleagues at the Institute for all their help with the preparation of this volume. Finally, thanks are due to Mrs Edna Meadows who has typed the text with her usual accuracy and skill.

RECORDS OF DIOCESAN ADMINISTRATION

1. GENERAL REGISTERS

A. Archbishops' Registers (pp.6-16)

The practice of keeping registers at York ceased on 31 December 1971 and the more modern registers have now been deposited at the Institute, together with a loose quire of a register of the time of Archbishop Richard Sterne which came to light in 1975.

Reg.33A. RICHARD STERNE (1664-1683)

A quire relating to business transacted by Sterne. It has not proved possible to determine the sequence of this quire in Sterne's known register (Reg.33).

Reg.54. FREDERICK DONALD COGGAN (1961-1974)

(contains acts of the years 1961-71)

In addition to these accessions since 1973, there have been several recent publications on the archiepiscopal registers, notably: The Register of William Melton, archbishop of York, 1317-1340, volume 1, ed. R.M.T.Hill (Canterbury and York Society 70, 1977), covering fos. 555-621 of Reg.9B; ibid., volume 2, ed. D.Robinson (Canterbury and York Society 71, 1978), covering fos.269-320 of Reg.9A; A Calendar of the register of Robert Waldby, archbishop of York, 1397, ed.D.M. Smith (Borthwick Text and Calendar 2, York, 1974), editing Reg.15; and The Register of Thomas Rotherham, archbishop of York, 1480-1500, volume 1, ed. E.E.Barker (Canterbury and York Society 69, 1976), covering fos.1-289 of Reg.23.

A study of lost York archiepiscopal registers, using the evidence of five medieval inventories, has been published in the Borthwick Institute Bulletin i no.1 (1975), 31-7, and a more detailed analytical survey of the first thirty-two York registers will appear in D.M.Smith, Guide to Bishops' Registers of England and Wales (to be published by the Royal Historical Society in 1981). Further typed abstracts have been completed of Reg.34-36 and 50, and indexes have been compiled for Reg.34-37,40B,42-50. A typed calendar and index of the sede vacante register for 1476 (Reg.5A, fos.509-14) has also been made (Add.MS.160) and a calendar of a 17th-century abstract of the missing sede vacante register of 1352-3 has been published in the Borthwick Institute Bulletin i no.2 (1976), 75-90.

For details of this material, see A Guide to Southern African Archives in the University of York, compiled by T. Lodge and edited by A.V. Akeroyd and C.P. Lunt (University of York, 1979). 3. Christian Faith Society [CFS]

Originating as the Society for Conversion, Religious Instruction and Education of the Negro Slaves in the West India Islands, founded in 1788, the Society later became known as the Society for Advancing the Christian Faith in the West India Islands. The landed endowments of the Society consisted principally in an extensive estate at Brafferton originally purchased in 1694 by trustees acting under the will of Robert Boyle (d.1691), who left a sum of money to be laid out on the propagation of Christianity among infidels. The estate was transferred to the Society after a Chancery dispute, and from 1794 the profits of the Brafferton property accrued to the Society. Most of the papers in this collection relate to the Brafferton estate, but there are some papers of more general interest concerning the work of the Society.
