## PREFACE

This is the first volume in a projected series of four, covering in total clergy ordinations by the Archbishops of York from 1662 (the earliest extant record after the Restoration of the Established Church in 1660) up to 1849. This present volume has been prepared by Miss Anna Bisset and ends in 1699. It presents in alphabetical register form the ordination records taken from the series of archiepiscopal institution act books, supplemented by subscription books and the original files of ordination papers (containing testimonials, baptismal certificates, nominations etc.), which unfortunately do not survive in any great quantity until the middle of the eighteenth century. Future volumes are in hand and will cover the periods 1700-1749; 1750-1799; and 1800-1849.
