PREFACE

This is the third volume to be published in a projected series of publications covering clergy ordinations by the Archbishops of York (the ones for 1561-1642 and 1662-1699 are already in print). This present volume has been prepared by Miss Anna Bisset and spans the period 1700 to 1749. It presents in alphabetical register form the ordination records taken from the series of archiepiscopal institution act books, supplemented by subscription books and the original files of ordination papers (containing testimonials, baptismal certificates, nominations etc.), which unfortunately do not survive in any great quantity until the middle of the eighteenth century.
