

### 3. Yeast Growth Recording Sheet – Water Temperature

How did the temperature of the water affect how well the yeast grew?

Write a statement using your observations to describe the effect of water at different temperatures.

In the cold water temperature \_\_ °C \_\_\_\_\_

\_\_\_\_\_

In the water at room temperature \_\_ °C \_\_\_\_\_

\_\_\_\_\_

In the warm water temperature \_\_ °C \_\_\_\_\_

\_\_\_\_\_

Use the space below to draw and label diagrams of what is happening in the bottles.
