

# Global Opportunities for Computer Science students

Samantha Lui  
Global Opportunities  
September 2025

# Things to consider before studying abroad

For pointers look through our [Considerations checklist](#)

- Personal
- Academic
- Finances
- Accommodation
- Travel

# Finances

- Costs will vary between destinations - research carefully
- Reduced tuition fee to York for full year abroad
- Continue to apply for Student Finance
- Check with Student Finance provider about any travel grants
- Bursaries and Grants may be available
- Check our [Finances and Funding](#) page for more details

# Studying abroad as part of your degree

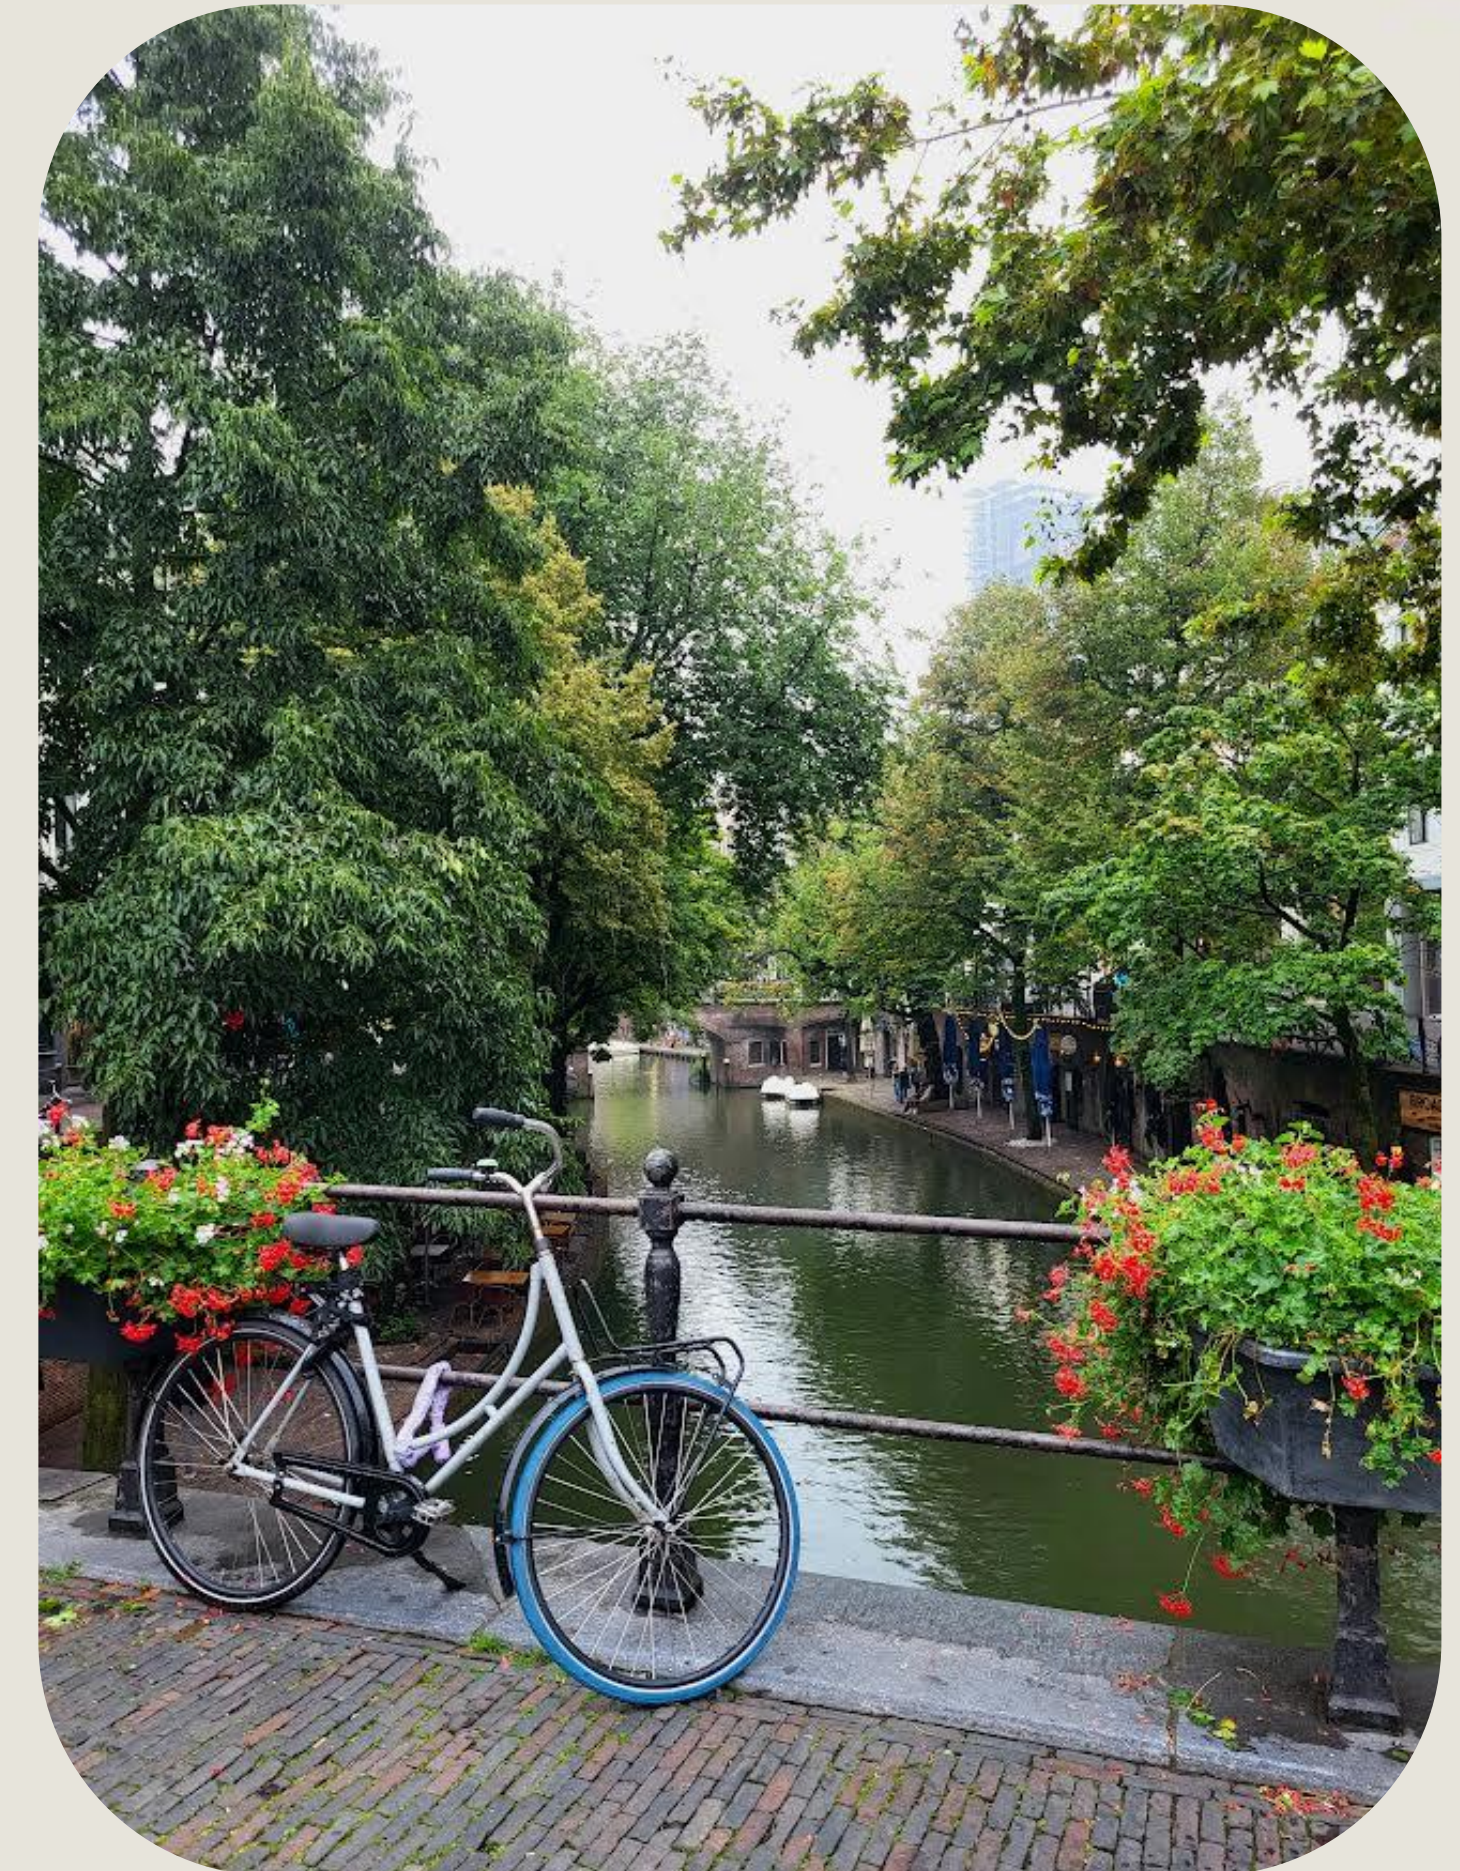

## Credit-replacing exchange

- Study abroad for a full year during your second year at York
- Full credit load of modules at host
- Grade conversion

# Exchange destinations

- Check [Computer Science](#) page
- Up to 3 destinations
- [University-wide](#) destinations

# How to apply

- Applications open 5th November, close **13:00 28th November 2025**
- Our [How to Apply page](#) links to the Mobility Online application
  - Written application (personal statement style questions)
  - Short video
  - Reference required
- Destinations allocated approx 3-4 weeks after deadline
- Semester 2 - pre-departure workshops, apply to partner university

# Summer opportunities

- Summer Schools
- Independent projects
- See [Summer abroad page](#)
