## Structure of the days

- Usually a half day format, to allow travelling time.
- Presentations are welcome from practitioners, service users or carers.
- They can be presented in the format most comfortable for the presenter.
- Support is given around such as audio-visual aids.
- They could also be interactive or skills based, depending on the number attending and the venue

## Structure of the days

- The number of presentations per session varies.
- The venue moves around the region.
- Presentation slots are usually for around an hour, including questions and discussion.
- Positive and constructive feedback is welcome.
- The chair for the day can be a member of the PSI Implementers' Group, but can also be practitioners.

- Enjoy the day!
- Please feel free to approach any member of the PSI Implementers Group.
