| Autumn  | **Introduction to Health Statistics**
         |                                               | Global Public Health HEA00016M               | Public Health Foundations & Practice
         | HEA00091M                                     | Randomised Controlled Trials HEA00034M       | HEA00065M 20 credits |
|         | *Epidemiology* HEA00013M                     |                                               |                                               |
| pm      | **Epidemiology** HEA00013M                   | Qualitative Health Research HEA00033M         | Infection & Disease HEA00066M 20 credits     |
| Spring  | **Health Research in Practice**
         |                                               | Systematic Reviews HEA00036M                 | Public Health Foundations & Practice (cont)
         | HEA00092M                                     |                                               | HEA00065M |
|         | **Introduction to Regression Analysis**
         | Public Health & Ethics HEA00031M               | Health Economics HEA00019M                   | Infection & Disease (cont)
         | HEA00001M                                     |                                               | HEA00066M |
| pm      |                                               |                                               |                                               |
| Summer  | **Health & Social Behaviour**
         | Further Regression Analysis HEA00002M         |                                               |                                               |
         | HEA00063M 20 credits                         | Further Regression Analysis (Online) DL
         |                                               | HEA00094M                                   |
|         |                                              |                                               |                                               |
|         |                                               |                                               |                                               |
|         |                                               |                                               |                                               |

**Modules in bold italics** are compulsory for your programme – others are all optional.

Modules marked with **DL** run as a distance learning modules.
