## Marking Criteria
Guidelines should be read in conjunction with the marking criteria guidance for the module level* noted above: [http://www.york.ac.uk/healthsciences/student-intranet/exam-assess/markgrid/](http://www.york.ac.uk/healthsciences/student-intranet/exam-assess/markgrid/)

## Confidentiality
It is a breach of confidentiality to disclose any personal information about a patient, service user, colleague, staff or any other person or place that could in principle enable them to be identified. For further guidance please refer to the departmental policy on Confidentiality at the following link: [www.york.ac.uk/healthsciences/student-intranet/exam-assess/conduct/confidentiality/](http://www.york.ac.uk/healthsciences/student-intranet/exam-assess/conduct/confidentiality/)

## Assessment Timing
The deadline for correctly presenting a submission is 4.30pm on the published submission date. The submission deadline is published on the Programme Assessment Schedule available on the following link: [http://www.york.ac.uk/healthsciences/student-intranet/timetables/assessment-schedules/](http://www.york.ac.uk/healthsciences/student-intranet/timetables/assessment-schedules/)

## Referencing
You must reference your work in accordance with departmental referencing guidelines which you can access via the following link: [http://www.york.ac.uk/integrity/harvard.html](http://www.york.ac.uk/integrity/harvard.html)

## Assessment Guidance
All elements must be successfully completed; failure to successfully achieve any of these elements would result in module failure.

## Formative Assessment

1. **Objective Structured Clinical Examination (OSCE)**
   - You will undertake a formative OSCE to demonstrate achievement of learning outcomes. An OSCE is a clinical examination for which you are required to demonstrate a range of clinical and psychomotor skills, while being observed by an examiner.
   - The OSCE consists of two stations and will be based in the Clinical Simulation Unit. The OSCE will be conducted under closed examination conditions (refer to student handbook for full details).

2. **Midpoint interview with your mentor**
   - You must arrange an interview with your mentor to review your progress in practice. Any significant concerns about your practice raised at this point, or at any other point during your practice experience, may be written into an action plan. You will need to successfully achieve this action plan by the end of your practice experience in order to pass this module.

## Summative Assessment

1. **All students must attend and complete all mandatory sessions related to this module (Basic Life Support, Moving & Handling, Infection control & Hand washing, Fire Safety, Equality, Diversity and Human Rights, Patient Safety (Vulnerable adults), Information Governance, Child Protection).**
   - If you do not attend these mandatory sessions you will be unable to begin your practice experience

2. **Completion of the Electronic Ongoing Assessment Record – Practice Experience One**
   It is essential that you arrange a final interview with your mentor prior to your last week of practice and complete the eOAR by the assessment deadline. Full details are available in Electronic Ongoing Assessment Record. Your work will be extracted electronically from the eOAR and the results processed and archived. Failure to complete the eOAR
without an approved extension will normally result in a first attempt fail.

To successfully complete this element of the assessment:

- You must complete the Practice Experience One Electronic Ongoing Assessment Record by the deadline indicated on the Assessment Schedule.
- You must achieve all NMC outcomes and performance criteria. If you are unable to achieve an outcome through lack of opportunity then this must be clearly documented in your Electronic Ongoing Assessment Record.
- You must normally complete a set number of hours during Practice Experience One. The exact number of hours can be found on your allocation sheet available on the VLE.
- Practice will be assessed as a pass/fail by your practice experience mentor using the outcomes and hours criteria in the eOAR.
- All hours, outcomes and performance criteria must be achieved before progression to the next stage of the Programme.
- If you do not successfully achieve the outcomes for Practice Experience One, or if you have a deficit in hours at the end of your placement, you would normally be offered one opportunity to redeem the failure through a four-week action plan.
- If you have a deficit of more than 30 hours at the end of your practice experience you will be contacted by the department with details of the support that is available to you, the implications of this to you and the actions that you must take to redeem these practice hours.
