Assessment Guidance

### Formative Assessment
You will have the opportunity to submit and receive feedback on a mind map which documents the issues you intend to include in your summative assessment (essay). Guidance for developing a mind map is provided in the VLE.

### Summative Assessment

#### Part 1 – Essay
You are required to write an essay which presents a case study demonstrating your understanding of the key issues surrounding the situation and needs of a carer identified from your practice.

Your essay should aim to analyse your role in supporting carers and their families, and should include the following:

- A brief overview of the case study that is the focus of your essay (including the steps you have taken to ensure confidentiality).
- An outline of the carer’s situation.
- Discussion of the issues faced by the carer.
- Identification of statutory and non-statutory services that are supporting the carer.
- Discussion of the ways in which support could be improved.
- Analysis of your role in supporting carers and their families using a person-centred approach, based on partnership.
- A conclusion which summarises the key points discussed and the implications in relation to your future practice.

#### Part 2 – Electronic Ongoing Assessment Record (EOAR)
You are required to meet all Family and Carer Support practice learning outcomes and record 180 hours access to your mentor during the assessed period of practice.

The EOAR is marked on a PASS/FAIL basis only.

You must pass all elements of the assessment to pass the module. In the event of a FAIL result you are only required to resubmit the individual FAILED element(s).
