Referencing			
You must reference your work in accordance with departmental referencing guidelines which you can access via the following link: http://www.york.ac.uk/integrity/harvard.html			
Note: This document uses the word 'women' throughout. This should be taken to include people who do not identify as women but are pregnant or who have given birth.			
Assessment Guidance			
<u>Assessment title</u>			
Essay			
<u>Assessment guidance</u>			
The summative assessment for this module is an essay. You are required to identify and explore a contemporary postnatal topic suitable for universal midwifery care. You will use this to form a relevant question which you will address in your essay, using relevant evidence.			
You must include the following in your essay:			
<ul style="list-style-type: none"> • Clearly identify a contemporary postnatal topic with rationale for your choice • Identify and address an answerable question for your contemporary postnatal topic, suitable for universal midwifery care • Demonstrate contemporary knowledge that will facilitate the provision of universal care of the woman and/or neonate (as appropriate to your question). • Include relevant, contemporary evidence to address your question. • Consider the roles and responsibilities of the midwife providing universal care as related to your question. • Demonstrate accurate referencing technique using the Harvard referencing system. 			
<u>Formative support</u>			
Submission of either a draft essay plan or section of your summative essay (including proposed question and rationale) for written feedback (500 words). Draft to be submitted via the VLE as per the assessment schedule.
