Assessment Guidance:  
Viva voce: You will be provided with an unseen problematic clinical scenario and given 15 minutes to make notes. You will then proceed to a viva voce examination during which you will be required to apply your knowledge of decision making to the scenario, and outline an appropriate plan of action to the assessors. The viva voce will last for 15 minutes. You will have formative opportunities during the module to undertake practice scenarios in preparation for the viva voce.

Due to the nature of the assessment for this module the University’s anonymous marking policy does not apply to the viva voce assessment as students can be identified through the content or delivery of the assessment. Therefore assessments submitted should be identified with the student’s name only and not the student’s examination candidate number.
