                          | [3] 500 words |
| Assessment Type(s)    | [1] EOAR documentation
                          | [2] Practice      

Marking Criteria
Guidelines should be read in conjunction with the marking criteria guidance for the module level* noted above: http://www.york.ac.uk/healthsciences/student-intranet/exam-assess/markgrid/

Confidentiality
It is a breach of confidentiality to disclose any personal information about a patient, service user, colleague, staff or any other person or place that could in principle enable them to be identified. For further guidance please refer to the departmental policy on Confidentiality at the following link: www.york.ac.uk/healthsciences/student-intranet/exam-assess/conduct/confidentiality/

Assessment Timing
The deadline for correctly presenting a submission is 4.30pm on the published submission date. The submission deadline is published on the Programme Assessment Schedule available on the following link: http://www.york.ac.uk/healthsciences/student-intranet/timetables/assessment-schedules/

Referencing
You must reference your work in accordance with departmental referencing guidelines which you can access via the following link: http://www.york.ac.uk/integrity/harvard.html

Assessment Guidance

Formative Assessment
You must arrange an intermediate interview with your mentor to review your progress in practice. Any significant concerns about your practice raised at this point, or at any other point during your practice experience, may be written into an action plan/learning contract. You will need to successfully achieve this actions outlined in the learning contract by the end of your practice experience in order to pass component 2 of the module summative assessment.

Summative Assessment
The summative assessment for this module comprises 3 components, all of which must be passed:

Part 1 – EOAR documentation (Pass/Fail)
The student is required to complete the specified number of clinical hours for the placement and submit a complete electronic ongoing achievement record (EOAR), including contemporaneous records of their hours/absence, by the deadline indicated on the Assessment Schedule. The EOAR should include accurately completed time sheets and final summary sheets.

Part 2 – Practice (Graded)
The student is required to demonstrate progression towards agreed midwifery competencies for Stage 1.

The student is required to demonstrate competence in generic Performance Skills Outcomes specified in Common Assessment Document, through a range of assessment methods. This element of the assessment will be given an academic mark by the mentor in practice.

Part 3 – Reflective Essay (Pass/Fail)
The student is required to complete a reflection on practice piece of work, using a reflective cycle of choice. Included sources must be appropriately referenced.

Should you fail one or more elements you will be required to be reassessed.

Due to their nature, the University’s anonymous marking policy does not apply to any of the assessments for this module as students can be identified through the content or delivery of the assessment. Therefore, assessments submitted should be identified with the student’s name only and not the student’s examination candidate number.
