Assessment Guidance

Formative assessment
Assertion Reason Questions (ARQs) will be used at the end of each session to consolidate knowledge. No formal examination conditions will be applied.

Summative assessment
The module content will be assessed by a closed examination consisting of Assertion Reason Questions (ARQs). Assertion Reason Questions will assess knowledge and understanding of the pathophysiology of acute illness; along with clinical presentation and systematic patient assessment. The ARQs will assess understanding and application of current evidenced based treatment.

Please note that this assessment is taken under exam conditions. For further information please refer to departmental guidance: https://www.york.ac.uk/healthsciences/student-intranet/teaching/exams/
