Assessment Guidance Assignment Title The Healthcare Trust are aiming to improve the quality of care for patients. Based on your current Practice Experience, develop a well-considered change management plan for an improvement in care that you would like to see implemented. You will be asked to present your plan via a narrated PowerPoint presentation (maximum of 10 slides + references). This will be recorded using available software and devices, following which it will be uploaded for the assessors to evaluate it against the marking criteria. Assessment Guidance To complete the change management plan, you will need to: <ul style="list-style-type: none"> • Identify an aspect of care and/or experience of healthcare service that you would like to improve. • Consider different approaches to change management and leadership that could be drawn upon to address the improvement. • Drawing on your theoretical understanding of how to work with people and organisations, consider the range of stakeholders (i.e. service users, practitioners) and challenges involved in your allocated area of practice experience. • Outline your plan to address the identified improvement and how this can be implemented effectively. • Critically evaluate your change management plan. Formative support To assist your preparation for your plan, you will have opportunity to: <ul style="list-style-type: none"> • Present your ideas for improving quality of care with your peers and seminar lead. • Participate in questions and discussion with peers and seminar lead to prepare for the discussion.
