

ASSESSMENT GUIDELINE

Module Title	12 Lead Electrocardiogram Interpretation		
Module Code	HEA00110M HEA00176M	Module Level*	7
Word Limit /Exam duration	5 hours	Assessment Type(s)	Specific timeframe open examination
<p>Marking Criteria Guidelines should be read in conjunction with the marking criteria guidance for the module level* noted above: http://www.york.ac.uk/healthsciences/student-intranet/exam-assess/markgrid/</p>			
<p>Confidentiality It is a breach of confidentiality to disclose any personal information about a patient, service user, colleague, staff or any other person or place that could in principle enable them to be identified. For further guidance please refer to the departmental policy on Confidentiality at the following link: www.york.ac.uk/healthsciences/student-intranet/exam-assess/conduct/confidentiality/</p>			
<p>Assessment Timing The deadline for correctly presenting a submission is 4.30pm on the published submission date. The submission deadline is published on the Programme Assessment Schedule available on the following link: http://www.york.ac.uk/healthsciences/student-intranet/timetables/assessment-schedules/</p>			
<p>Referencing You must reference your work in accordance with departmental referencing guidelines which you can access via the following link: http://www.york.ac.uk/integrity/harvard.html</p>			
<p>Assessment Guidance</p> <p>Formative Assessment Formative assessment involves student engagement with a variety of case studies. These will be released gradually into the VLE after each taught session. Over the course of the module these will become more challenging and increase in complexity. Formative feedback will be from online Multiple-Choice Questions in addition to practice short answer examination.</p> <p>Engagement with online wikis which align with the case studies involving both their peers and the module leaders will also provide peer and lecturer feedback.</p> <p>Through this engagement students will have the opportunity to develop their knowledge and understanding of ECG interpretation and become better prepared for the summative examination.</p> <p>Summative assessment Open Examination: 100% Short Answer / Essay Question paper. Marked against the marking criteria for each question and the criteria for essays at level 7.</p> <p>This paper will assess the student's knowledge, understanding and critical awareness of ECG interpretation in the context of contemporary patient treatment and care as highlighted in the learning outcomes.</p> <p>The total exam time is 5 hours. It is anticipated this examination should take 3.5 hours with an hour for upload.</p> <p>Students must achieve a mark of over 50%</p>
