The deadline for correctly presenting a submission is 4.30pm on the published submission date.
The submission deadline is published on the Programme Assessment Schedule available on the following link:
http://www.york.ac.uk/healthsciences/student-intranet/timetables/assessment-schedules/

Referencing:
You must reference your work in accordance with departmental referencing guidelines which you can access via the following link:
http://www.york.ac.uk/integrity/harvard.html

Assessment Guidance:

Parts 1&2 – Summative Assessment of Practice
Submission of the ‘Clinical Practice Visits’ accompanied by submission of a ‘Reflective Diary’ of the clinical practice experience.

Part 3 – Summative Assessment of Theory
Summative Assessment of Theory

The student is required to complete a 3000 word assignment on a specific aspect of diabetes care.

The assignment will contain an in-depth examination and critical analysis of the chosen subject area, with evidence of need from practice, supported by evidence-based research findings.

The assignment is designed to inform practice as an educative tool in the management of people with diabetes working in partnership with their individual needs.

The submitted piece of work will address:-
- A specific aspect of care for people living with diabetes, eg. principles of screening for Type 2 diabetes, hypoglycaemia management in inpatient settings, or aspects of the vascular complications of diabetes as examples.
- Contemporary evidence based research findings.
- Resource implications.
- Practice protocols and audit.

Due to the nature of the assessment for this module the University’s anonymous marking policy does not apply to the Clinical Practice Visits /Reflective Diary assessments as students can be identified through the content or delivery of the assessment. Therefore assessments submitted should be identified with the student's name only and not the student’s examination candidate number.

However the essay is anonymously marked and therefore should be submitted with the student’s examination candidate number only.
