

# **Complicated Intra-Abdominal Infection (cIAI): Study Day/EXTEND Trial Investigators Meeting**

**The Carriageworks - Millennium Square - Leeds**

**Wednesday 15<sup>th</sup> March 2023**

**09.00 to 09.50: Coffee and pastries/fruit Theatre Bar**

**09.50 to 10.00: Welcome, introduction and defining cIAI Theatre Auditorium**

*Dr Andrew Kirby: Associate Clinical Professor in Microbiology, Leeds University*

*Mr Dermot Burke: Associate Clinical Professor in Surgery, Leeds University*

**10:00 to 11:10: Specialty management of cIAI Theatre Auditorium**

**The patient's perspective:** Living with antibiotic resistant abdominal infection (*Video*)

**Antibiotic management:** An illustrated guide to antibiotic choice in cIAI (*Andrew Kirby*)

**Surgical management:** A video-based review of surgical techniques in the management of cIAI  
(*Dermot Burke*)

**Radiological investigation and management:** Reading abdominal CT scans for cIAI

*Dr Rachel Hyland: Leeds Teaching Hospitals NHS Trust*

**Critical care support:** A journey through critical care for patients with cIAI

*Tamas Szakmany: Honorary Professor in Intensive Care, Cardiff University*

**11:10 to 11:20: Comfort break/coffee Theatre Bar**

**11:20 to 12:15 Evidence in the prevention and management of cIAI Theatre Auditorium**

**Preoperative oral antibiotic bowel preparation**

*Miss Bhamini Vadhwana: General Surgery Registrar, East Suffolk and North Essex NHS Trust*

**Fluorescence angiography to prevent anastomotic leak and collections**

*David Jayne: Professor of Surgery, University of Leeds*

**Duration of antibiotic treatment for sepsis: international guidance and evidence gaps**

*Paul Dark: Professor of Critical Care Medicine and NIHR CRN National Deputy Medical Director*

**Antibiotics for appendicitis**

*Marja Boermeester: Professor of Surgery, Amsterdam University Medical Center, Netherlands*

**12:15 to 12:45 Lunch Theatre Bar**

**12:45-13:15 Antibiotic duration for cIAI Theatre Auditorium**

**Views from the DURAPOP trial**

*Phillipe Montravers: Professor of Anaesthesiology and Critical Care Medicine, Bichat-Claude Bernard University Hospital, Paris, France*

**Views from the STOP-IT trial**

*Robert Sawyer: Professor of Surgery, Western Michigan University Homer Stryker School of Medicine, USA*

**Views from the CABI trial**

*Andrew Kirby and Dermot Burke*

**13:15 to 15:00: EXTEND trial interactive session Millennium Room**

**Trial introduction and progress, participant identification, data collection,**

**problem solving and sharing of good practice**

*York Trials Unit*

**API Scheme**

*Ms Olivia Spence, Surgical trainee, Chesterfield Royal Hospital*

**15:00 to 1600: What's new and coming in cIAI and panel discussion Theatre Auditorium**

**Biomarker guided antibiotics in cIAI**

*Robert Sawyer: Professor of Surgery, Western Michigan University Homer Stryker School of Medicine, USA*

**DirectAbdo trial:** Early detection of antibiotic resistance to guide treatment in cIAI

*Phillipe Montravers: Anaesthesiology and Critical Care Medicine, Bichat-Claude Bernard University Hospital, Paris, France*

**Rapid antibiotic stewardship in sepsis:** Update on late phase trials

*Paul Dark: Professor of Critical Care Medicine and NIHR CRN National Deputy Medical Director*

**Question and answer to speakers including future research**

**16:00 Close of meeting**
