A MESSAGE FROM THE CI

Welcome all new sites to the L1FE Trial. Recruitment to the study is starting to take off so thank you for signing up and we look forward to working with you.

This newsletter will update all sites on study progress and create a space for all of us to share examples of good practice and helpful tips. Please look out for the next one!

Wishing you a wonderful holiday season, and all the best in the New Year.

SITE SET-UP / RECRUITMENT UPDATE

Our first site, Royal London Hospital (RLH), opened on 02/08/19 and recruited our first participant on 30/08/19. To date we have 7 sites open to recruitment, and 6 study participants.

All sites will receive a prize upon recruiting 5 participants to L1FE. Each site's accomplishment of this will be announced on Twitter as well as the corresponding newsletter.

We have really enjoyed meeting the teams at each site during Site Initiation Visits (SIVs). In addition to the sites that are already open, we have conducted 4 further SIVs. We look forward to opening the following sites very soon:

- James Cook University Hospital (Middlesbrough)
- John Radcliffe Hospital (Oxford)
- Walsgrave General Hospital (Coventry)
- Kings College Hospital (Denmark Hill)

Congratulations to RLH for being our recruiter of the month, and the first site to reach 5 participants- Please look out for your prize!

RECRUITMENT LEADERBOARD

Participants recruited monthly per site	Aug 2019	Sep 2019	Oct 2019	Nov 2019	Dec 2019***	Total recruited
Royal London Hospital (Barts)	1	0	1	1	2	5
Southmead Hospital (Bristol)	NA*	NA*	0	0	1	1

Addenbrookes Hospital (Cambridge)	NA*	NA*	NA*	NA*	0	0

*site was not open ; **site opened end of month ; ***Month ongoing

RANDOMISATION & ADVERSE EVENTS DURING THE HOLIDAYS

Please note York Trials Unit telephone randomisation service will be closed from 12pm on 24th December until 9am on 2nd January. If you need to randomise a patient during this time, please do so using the online randomisation service available at <https://ytu.york.ac.uk.YorkRand/> for which you'll need your username and password. If you need to report an Adverse Event during this period, please fax it as usual, and until 6th January, email Liz Cook to let her know.

FRIENDLY REMINDERS: PLEASE DON'T FORGET TO...

- Send screening logs to YTU
- Complete patient preference forms
- Update delegation logs and send them to YTU- only individuals listed on the delegation log can enter study data
