**Tutor response:**

I am glad students enjoyed the module and it was a joy to teach it.
Please note that the grammar module was designed to complement the Language and society module and the topics discussed in L&SI allow for contextualising the grammar covered in GG at the time allowing students to practice their grammar knowledge and skills in context
In future grammar will be integrated in the module teaching and hopefully a holistic approach with a focus on grammar in context will help.

Thank you for your feedback.
