This might be my favourite module! I always walk away from these classes feeling as though I have learned lots of new things. The teaching is so passionate and thought through so even when I'm not keen on the subject matter I'm still engaged. I struggle with confidence when speaking Italian but I feel supported nonetheless and have definitely improved over the year.	1
I have really enjoyed this module and think Raffaele is a great person who knows what he's talking about.	2

Constructive criticisms	Number
Towards the end of it I've found that the lessons began to lack structure, especially when attendance was poor. I know the lack of students in the class isn't down to Raffaele, but it did become frustrating to go to so many seminars to be one out of two or three students and then not do work because of the lack of people.	1
Resources available and accessible on VLE for further learning. Lessons made interesting and provide a space to feel comfortable. Module conveyor always happy to set up meeting to discuss anything, and give more detailed feedback on exams.	2

Tutor response:

I am glad the module was well received and I will keep working to keep it up to date and interesting.

Unfortunately, attendance was not great towards the end, which made some lessons more difficult and perhaps repetitive. I will work on this aspect and try to keep things interesting and engaging.

Thank you for your feedback.
