Disclaimer

I understand it is my decision to transfer at this stage and any additional work I have been asked to complete by the department is necessary in order to transfer into the new programme. I am aware that although my new department(s) will give reasonable assistance with any additional work I have to undertake, it is my responsibility to carry out that work. The academic outcome will depend on my taking on any extra work and being able to cope with the extra workload which may inevitably result from a transfer at this stage in my academic process. Therefore I understand that this additional workload will not be accepted as a Mitigating Circumstance or grounds for appeal.

Please note that changes to a student's programme of study must be notified to Home Office within 10 days of the University approving any changes to the Tier 4 visa holders' circumstances.

There is a limit to the number of years that a student can study in the UK on a Tier 4 visa (<http://bit.ly/1dJKuxo>). Also a student should only start a new programme if academic progression has been justified. This record will be checked before it is reported to the Home Office. If it is found that the student is unable to change programmes the change will be reversed. If you would like to check the student's record before approval please email the details to pbis@york.ac.uk.

This section must be completed for any programme change that involves meeting a progression requirement. Please include any relevant comments on the student's current academic standing / performance / attendance below or on a separate sheet (to be attached to this form). This progress report must be signed by the Chair of Board of Studies. Please ensure you have explained what the student will have completed at the point they transfer programme.
