

November 2018 newsletter

PhD writing support

The Writing and Language Skills Centre has developed a comprehensive writing support package for PhD students from across all disciplines.

The three-stage offering spans lectures on approaching research writing through to thesis writing workshops and consultation with individual students or small groups of students on their own writing.

Research data management

All research students have a responsibility to properly manage the data they create, collect or use during the course of their research.

Get to grips with the principles and practice of good research data management by completing the RDM 101 online tutorial on the VLE.
