4. Contact Details
1. Introduction

The University of York offers several undergraduate bursaries covered by the University’s Access and Participation Plan for the academic year 2023/24.

The level of bursary, eligibility and method of payment is dependent on the terms of the Access and Participation Plan that corresponds to the academic year the student began their programme of study.

This document is drafted bearing in mind the University's legal duties under the Equality Act 2010 and the University's obligations under relevant data protection legislation including the General Data Protection Regulation. It operates in conjunction with the University's commitment to promoting widening participation.

This document is available to students and academic and administrative staff.

Prior versions of this information are available upon request from sfsu@york.ac.uk.

1.2 Responsibility

The administration of the University of York bursaries is managed by the Student Financial Support (SFS) team within Student Administration and Academic Affairs.

Students who are in receipt of a bursary have a responsibility to maintain their personal information to ensure that the level of bursary administered is accurate. This includes providing their bank details to the University of York to enable payments, advising the University of York of any changes to their studies (for example, a leave of absence, change in mode of attendance or withdrawal) as soon as the changes occur, and updating their funding provider if their household circumstances change as soon as the changes occur.
It is the responsibility of the student's funding provider to carry out assessments of the student's residual household income based on the information the student has provided to them.

Any information held on the Bursary Administration Service is the responsibility of the Student Loans Company.

1.3 Bursary Amounts

Bursary amounts for each academic year are approved within the Access and Participation Plan. The Access and Participation Plan has been agreed by the University Executive Board and signed off by the Registrar and Secretary before submission to the Office For Students (OFS) for approval.

HYMS undergraduate bursaries are agreed with the University of Hull.

1.4 Residual Household Income

The residual household income is used to determine the level of bursary to be awarded. The University of York does not assess students' residual household income, even in cases where the student believes their funding provider has calculated this incorrectly. The University of York accesses information on residual household income for each student via BAS.

1.5 Consent to Share

Student information is shared automatically with the University of York through BAS unless the student or their sponsor has withdrawn their consent for the funding provider to share their information.

If consent to share is withdrawn after a bursary award has been approved, any remaining disbursement payments will be cancelled. Bursaries can only be issued where the University has access to the residual household income, as this confirms that the student meets the eligibility criteria to receive the bursary.

1.6 Data Sharing and Storage

Information regarding the residual household income is downloaded from BAS and stored in the SITS Fund Manager. Information is purged at the end of the financial year. Access to the SITS Fund Manager is limited.

Residual household income data is held anonymously by the Business Intelligence Unit and used for the purposes of future bursary planning when preparing the Access and Participation Plans. This information is purged once the plan has been approved by the OFS and after the annual evaluation of the value of financial support has been completed.

SFS do not share actual residual household income data with other University departments. They will confirm levels of bursaries received and/or general residual household income levels (e.g. under £25,000) for the purpose of departmental bursary/scholarship administration.

Unless the financial student record is held elsewhere (e.g. on Agresso or SITS), SFS will retain the information for six years.
2. Bursary Information

2.1 Assessment and Eligibility Criteria

Students are assessed automatically for a bursary provided the student has applied to a student finance provider, had their household income assessed and consent has been given to share this information with the University of York.

In order to be eligible for a bursary, students must:
- Be resident in the UK and eligible for funding from a UK SLC provider
- Be studying an undergraduate level course (including integrated Masters programmes)
- Be studying full time
- Be liable for the full £9,250 tuition fees for the year
- Meet the additional criteria listed for a specified bursary, detailed in section 2.3.

Please note that students are not eligible for a bursary if any of the following apply:
- Studying on a placement year, a year in industry or a year abroad for the current academic year*
- PGCE student, please contact the Department of Education at education-pgce-admissions@york.ac.uk for information regarding PGCE funding
- In receipt of an NHS Social Work bursary
- From the Isle of Man or the Channel Islands
- Tuition fees are paid by an external sponsor, this includes students sponsored by the MOD.

* Exception for Care Leavers and Foyer Federation and Estranged Student bursaries.

Please note that students may only receive one bursary per academic year, even if they meet the eligibility criteria for multiple bursaries.

2.2 Payments

2.21 Expected Payment Dates

<table>
<thead>
<tr>
<th>Payment Method</th>
<th>Instalment Payment Dates</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Instalment 1</td>
</tr>
<tr>
<td>Tuition Fee Waiver</td>
<td>Applied in full by 31st October 2023</td>
</tr>
<tr>
<td>Accommodation</td>
<td>13 October 2023</td>
</tr>
<tr>
<td>Cash</td>
<td>20 October 2023</td>
</tr>
</tbody>
</table>

Please note that payment dates may differ, students should refer to their bursary award letter on e:Vision for their payment schedule.

Bursaries cannot be awarded retrospectively after 30 June 2024. If a student has not received a bursary but thinks they meet the eligibility criteria, they need to contact SFS before 30 June 2024 with evidence confirming that their household income has been assessed as £25,000 or less (£35,000 or less for the York Bursary) by their student funding provider for 2023/24.
2.22 Tuition Fee Waiver

Tuition fee waivers are applied directly to tuition fees in full soon after students are awarded a bursary. If students have taken a tuition fee loan from their funding provider, we will inform the funding provider of the change to the fee amount and they will adjust the loan accordingly. Students are responsible for any remaining tuition fee amount after the bursary has been applied.

2.23 Accommodation Payments

Students in their first year of study and living in University accommodation will have their bursaries paid towards their accommodation costs in three equal disbursements. Students who are not living in University accommodation will receive the bursary directly to their bank account, please refer to the Cash section below for details.

The University Accommodation Invoice will not take into account bursaries being offset against accommodation fees. It is strongly recommended that students set-up a Direct Debit to pay accommodation fees. If a Direct Debit has been set up, students will receive a notification email ten working days before each payment confirming the amount to be taken. A Direct Debit will take into account any accommodation bursary that has been applied and so will be for less than the original invoice.

Please note that any overpayment of accommodation fees will be refunded by the Fees Office at the end of the academic year.

2.24 Cash Payments

Cash bursary payments will be paid directly to the student via their bank account in three instalments.

Students should ensure they have submitted their bank details to the University via our secure submission page. We are unable to pay any bursary awards to students who have not yet submitted these details. Bank details need to be submitted a minimum of 7 working days before their payment due date for the payment to be made on the expected date.

Students will receive a remittance email from the Accounts Payable Office to their university email account approximately 2-3 days before the payment is due to arrive in their bank accounts. This email will confirm the amount and the exact payment date.

2.3 Types of Bursary

2.31 Foundation Year Bursary

Additional Eligibility Criteria:
- Studying on a foundation year (also known as year 0)
- Residual household income determines the amount of the bursary

2.35 Refugee Bursary

Additional Eligibility Criteria:
- An international student studying under refugee status
- Residual household income under £25,000
- If you feel you may meet the criteria for this bursary, please contact our Student Advisers via the self-referral form online to apply for this bursary.

2.36 HYMS Bursary

Additional Eligibility Criteria:
- Studying medicine at HYMS
- Residual household income under £25,000

Students in their fifth year of their programme will continue to receive the bursary provided they meet the other eligibility criteria. Students should request that their funding provider conducts a household income assessment for the purposes of bursary administration.

Where a HYMS student chooses to intercalate at the University of York, they will only be considered for the HYMS Bursary.

3. Changes in Circumstances

If a student's circumstances change during an academic year, then their eligibility for a bursary may also change. Changes that can impact a bursary include:

- Changes to the household income assessment
- Removing consent for a student funding provider to share information with the University
- Changes to the student registration status (for example, withdrawing from their programme, and taking or returning from a period of leave of absence)
- Changes to the student's programme including moving to a foundation year or changes to mode of study.

SFS will inform the student of any changes to their bursary entitlement via letter, sent to the students e:vision account.

3.1 Changes to Information from Student Funding Providers

The student funding provider can update or change the residual household income information throughout the academic year. SFS will reassess bursary eligibility based on this new information. This could result in the student becoming eligible for a bursary, losing their eligibility of a current bursary, or the overall bursary amount changing.

3.2 Changes to Registration Status

The entitlement to a bursary may change if the student's registration status changes. The bursary level is linked to the student's liability for tuition fees for the academic year. If a student only studies for part of the year and is only charged part of the full tuition fee amount, SFS will prorate the bursary entitlement to match the proportion of the tuition fee for which the student is liable for.

Upon notification from the Student Records Team that the student has taken a leave of absence or has withdrawn from their programme, all future bursary instalments will be cancelled. The student will not be expected to repay any amounts already paid to them whilst they were correctly recorded as a registered student.

If the student is planning on withdrawing from their studies, taking a leave of absence or otherwise changing their registration status, they should ensure that they inform their funding provider as soon as possible, as this could have an effect on their loan repayments and/or eligibility for future borrowing.

3.2.1 Leave of Absence

Upon notification from the Student Records Team that a student has taken a leave of absence, all future bursary instalments will be cancelled. As notification of a change in a student's registration status is an automated process, a delay can occur in SFS being notified of the change. If a student is paid a bursary instalment during their leave of absence, they student should contact SFS regarding returning the payment. If SFS is not contacted, any instalments paid during the leave of absence period will be deducted from any bursary amount that the student may be eligible for upon their return to study.

If the student takes a leave of absence part way through the academic year and returns to their study with no repeat study, then the student will receive a partial bursary award for the remaining study of that academic year based on the percentage of tuition fees charged for the year.
If the student takes a leave of absence and returns to repeat the full year again, or they transfer programmes resulting in a repeat year of study, then the student may be entitled to receive the full bursary amount for the repeat year. See 3.22 Repeat Study section below for further details.

3.22 Repeat Study
A student may not be eligible for a bursary in a repeat year if one or more occurrences of a repeat year of study have previously taken place.

If a student is eligible for a bursary for a repeat year of study and has transferred to a different programme of study, the bursary amount would correspond to the year of the course.

Please note for recipients of the HYMS bursary, students will not receive any award for periods of study, e.g. repeated years, for which awards have already been made. Where the HYMS student is not eligible for a HYMS bursary, e.g. during a repeat year, they are not eligible for any other bursary from the University of York during this period.

3.23 Withdrawal
Upon notification from the Student Records Team that a student has withdrawn, all future bursary instalments will be cancelled.

3.3 Reassessment and Bursary Adjustments
In the event that a student’s residual household income is reassessed at any time during the academic year, the bursary entitlement may alter. This may result in a different level of award or no award if the household income rises above the residual household income threshold for the relevant bursary scheme.

Changes to Fee Waiver
If the student’s entitlement to a fee waiver increases or decreases throughout the academic year, SFS will automatically alter the bursary amount to reflect this and inform the funding provider of the changes.

Changes to Accommodation or Cash Payments
SFS will alter future remaining payment(s) to reflect any changes should the student’s entitlement to an accommodation or cash bursary payment change, ensuring that the student receives all of the amount that they are entitled to. In the event that all the payments have already been made, SFS will contact the student.

Overpayments
An overpayment of a bursary may occur if the student is reassessed by their funding provider at a later point in the academic year, or when the student has changed their mode of attendance (for example, from full-time to part-time study), taken a period of leave of absence, or withdrawn from their studies completely. Where possible, an overpayment will be corrected by adjusting future disbursements.

Where an error has been made and the student receives a payment twice, there is an expectation that the student will repay the overpayment amount.
4. Contact Details

For bursary related enquiries, please contact:

Student Financial Support
+44 (0)1904 324043
sfsu@york.ac.uk
(Office Hours: Monday to Friday, 10am - 4pm)

Please ensure you quote your student number within any correspondence.

For other financial queries, you can find the relevant contact details on the contacts webpage.

For help and advice, including information on budgeting and alternative sources of support available, please contact our Student Advisers via the online Self-Referral Form.
