Welcome to our monthly newsletter for research staff.

This month we'd like to draw your attention to the recently launched Career Development web pages, which include information on research careers at York, as well as information and resources to help you take control of your career more generally.

Career story videos from University academic, research and teaching staff will be added in the coming months.

Research staff can also take advantage of development and training from the staff development programme and our coaching scheme.

"Ever since I was a child I have had this instinctive urge for expansion and growth. To me, the function and duty of a quality human being is the sincere and honest development of one's potential."
