Poster display and networking

12.45-14.45: Careers session facilitated by Sarah Blackford, Research Careers Consultant.

**Career ideas**
What do research staff do? If you’re wondering about possible non-academic career options it’s sometimes useful to hear of other’s experiences. Using survey results, destination data and research and career stories to provide insights into potential new career paths this interactive workshop will give you the opportunity to practice and reflect on the skills and behaviours you will need to manage your career.

14.45 -15.00: **Close and refreshments**
