Getting ready to arrive

We hope you’re looking forward to coming to York – a city with a great student social scene, rich in history and culture. Did you know that York is regularly voted one of the best and most beautiful places to live in the UK?

Life at York centres around our colleges. These small distinct communities will become your home from home. Your College provides a network of support and a calendar of events and activities to help you settle in, make friends, develop skills and try new things.

To help you prepare for your arrival we’ve listed some things for you to think about or do before you get here.

☐ Have you checked your emails?
Important information will come into your University email account. This will include arrival information from your College, deadlines for module choices and updates on your timetable – so keep checking this account.

☐ Join the official University of York undergraduate students 2018/19 Facebook group.
Find it at bit.ly/uoy-freshers1819 and get all the news and information you’ll need for Freshers’ Week and beyond.

☐ Other social media you may want to follow are:

☐ Want to make friends before you come?
Your College will send you a link to their Facebook group. Once you know your room number (last few days of August) you can find your Block Facebook group and start finding your housemates.

☐ Plan your first week
Check out your Students’ Union and plan your Freshers’ Week activities at freshers.yusu.org
Do you know how to cook?
Try out some simple meals at home to practise your cooking skills. For inspiration see bbcgoodfood.com/recipes/collection/student

Don’t want to cook?
Think about buying your meals in advance (MAD – Meals in Advance Deal) york.ac.uk/food-and-bars/mad

How will you manage your money?
Plan how you're going to make your money last for the term. There are some sample budgets you can look at york.ac.uk/student-budgets
International students need to bring enough money to last the first few weeks until they can open a UK bank account.

Are your vaccinations up to date?
All students need to have vaccinations against measles, mumps, meningitis and meningococcal ACWY (MenACWY). Arrange these with your local doctor or visit the Student Health Centre on campus when you get here.
Note: If you are an international student from outside the European Economic Area (EEA) you may need additional vaccinations and screenings before arriving in the UK as part of your Tier 4 visa application gov.uk/tb-test-visa

Sign up to social events
Freshers' Week is run by the student committees in each College and wristbands for the week of activities and events are on the University of York Students' Union (YUSU) website. YUSU organise a couple of big events at the end of Freshers week. You can wait until you arrive and see if your friends are going, but sometimes events will run out of tickets – so don’t miss out.
OVER THE SUMMER

Getting ready to study

You’ll be taught by world-leading researchers who are passionate about their subject and keen to share the latest ideas and discoveries with you. This means you’ll learn from the best – literally the people who wrote the book.

You might feel nervous about starting your studies, or maybe you can’t wait to begin. Either way, here’s a list of questions we are usually asked about getting ready to study.

☐ Is there work I can do over summer?
Take a look at the Skills Guides at subjectguides.york.ac.uk/skills for guidance, tips and interactive resources to support your studies.

☐ Does my department have information on studying?
Your department may have preparing to study pages with information and advice on starting your studies. york.ac.uk/students/welcome

☐ Do I have a reading list?
Some departments will issue a reading list but don’t rush out to buy any books – check our Library at yorsearch.york.ac.uk. Sometimes relevant chapters are loaded on the Virtual Learning Environment (VLE). Some returning students sell their books on so you can buy a cheaper copy when you get here.

☐ Are there special rules for studying at University?
There are precise rules related to academic study and presenting academic work. To ensure you understand these, you must complete the compulsory Academic Integrity Tutorial on the VLE early in your first term. york.ac.uk/integrity

☐ When do I get my timetable?
You will get an early version of your timetable in August with mandatory items included. As you get closer to arrival we will add in College and other induction events. If you’ve been asked to choose modules, these will be added to your timetable in early September. york.ac.uk/viewtimetables

☐ Will I have a supervisor?
Your department will arrange for you to meet your supervisor early in your first term. To get the most from your supervisory sessions it’s good to be prepared. york.ac.uk/students/supervisor
