Where do you volunteer and what do you do?
St Lawrence’s Primary School. I volunteer with a year three class-mostly giving children one to one support with their reading.

Why do you volunteer?
I volunteer because it helps me to discover my interests and build up experience for the future. Also, it is rewarding to know you are making a difference and contributing to community.

What’s your favourite part about the volunteer role?
My favourite part of the volunteer role is seeing how enthusiastic the children are to read to me every week. They’re really proud of their achievements and I like being a part of that.

What would your top tip to other students who are thinking about volunteering be?
Do it! Do as much volunteering as you possibly can. Get involved, build up your CV and do something worthwhile with your time here at York!
