Where did you volunteer and what did you do?
We helped put on sports sessions for the children at SNAPPY.

Why did you decide to volunteer?
It's always good to give something back to the community and even though it was just a couple of hours for us it made some of the kids days/weeks which is always nice to see.

What was your favourite part about the volunteer role?
Seeing the enjoyment the kids got from being able to play sport.

What would your top tip to other students who are thinking about volunteering be?
Have a go, it's more fun than you would think!
