Matthew Tharme, Management Studies, Third Year

Matthew’s internship at Sinclair Properties focused on an investigation into the benefits of using an established tablet based mobile work sheet system, suitable for their maintenance team.

Matthew organised and oversaw a 30 day trial and provided a summary report of the advantages and disadvantages and how such a system would integrate with their Office software.

Beatrice Watson, Sociology, Second Year

Beatrice’s Internship focused on researching and developing a comprehensive consumer survey for Sinclair clients and customers. Beatrice conducted the surveys and evaluated the results before submitting a report on how the company needed to improve their business.

Beatrice also reviewed the company’s website, focusing on its style, design and content and looked to improve it by reviewing other award winning property websites as well as gathering feedback from students.

ABOUT SIB RECRUITMENT
All employers are given the opportunity to interview a shortlist of applicants, ensuring that the right intern is selected by the business itself.

In their applications students are asked to outline what makes them a suitable candidate for the internship, and why they are interested in working for the company. To find out more visit www.york.ac.uk/careers (for students) or www.york.ac.uk/employers (for employers).
