WELCOME TO OUR OPEN DAY

SATURDAY 16 AND SUNDAY 17 SEPTEMBER 2017
9.15am–4.00pm
york.ac.uk/openday
I am really pleased that you have chosen to visit the University of York campus today. Selecting a university is a big decision and this is the best way to find out about the fantastic opportunities available at York and how we will help you develop the skills you will need to build a successful future.

Meet our academic staff
To give you a flavour of what it’s really like to study at one of the highest performing universities in the UK, we’ve arranged a series of taster lectures. All our programmes are taught by staff researching at the cutting edge of their disciplines and they are eager to share their enthusiasm for their subject areas with you. This is your chance to hear about the fascinating intellectual challenges you will engage with.

Find out about where you will live
Our helpful Student Ambassadors are waiting to show you round our campus and answer your questions – look out for the turquoise t-shirts. You’ll have a chance to see where you will study, find out about our distinctive college system, and look round our amazing sports facilities. They will also take you on a guided tour of the rooms you might stay in. We have many different accommodation styles and locations.

What will it cost and where next?
You will want to know about the funding available to help finance your studies, so we have got experts on hand to unravel the details. We will also encourage you to hear about the wealth of opportunities there are to study and work abroad during your degree at York. And, crucially, our Careers staff will explain how we can help you gain the essential practical skills and work experience that will ease your progress into the world of work when you graduate.

I hope you enjoy your day. We have an exceptional academic reputation both here and abroad, and studying with us opens a world of opportunity. I look forward to welcoming you to York.

Professor Koen Lamberts, Vice-Chancellor

EMERGENCIES
IN THE EVENT OF AN EMERGENCY, PLEASE CALL 01904 323333
Alternatively, speak to a porter in one of the receptions or notify a member of staff or one of our Student Ambassadors (wearing turquoise t-shirts) immediately.

TOP TIPS TO GET THE BEST OUT OF OPEN DAY

PLAN YOUR DAY
Fill in the planner on the back cover to make sure you get the most out of your day, using the maps on pages 16–17 to plan your route across campus.

MUST SEE EVENTS
Top of your list should be the introduction to the University of York talk which will give an overview of the University, and explain a bit about what makes us special, and what we can offer you.

Don’t miss the Students’ Union talk about life outside the lecture theatre. Their fun and lively presentation will tell you how to make the most of life as a student at York and why you won’t want to leave. If you want to know more or just fancy a chat, keep an eye out for their Love York stalls and go say hi!

Talks and mini-lectures by departmental staff and students will give you a real taste of your chosen subject. (You don’t need to book a place, but we respectfully ask that students are given priority over parents and family members at venues where talks are over-subscribed.)

Useful information about accommodation, the Careers service, Global programmes and placements, Language Learning for All, the Library and IT Services, personal statement advice and student finance are also covered.

Full details are in the programme on pages 2–3 and the department talks list on pages 4–9.

MEET OUR STAFF
Talk to staff and students from most academic departments about their degree programmes at stands in the Exhibition Centre, or in their own facilities. You can find stands for the Accommodation Office, Careers, the Student Finance support team, Commercial Services, Disability Services, the Chaplaincy, Language Learning for All, Library, Archives and IT Services, Study Abroad and Security Services in the Spring Lane Building, while the Students’ Union stands and York Sport are in Central Hall.

See pages 4–9 for further details.

VIEW ACCOMMODATION
You’ll want to check out the different kinds of study bedrooms on offer. Talk to our Accommodation Services team in the Spring Lane Building or the Ron Cooke Hub or follow the footprints to see the rooms for yourself.

See pages 10–11 for further details.

GO EAST
If you plan to study Computer Science, Law, Management or Theatre, Film and Television you won’t want to miss Campus East. This stunning development is also home to our fantastic York Sport Village and three colleges, Goodricke, Langwith and Constantine. It’s just a 15-minute walk or a short ride on the number 66 bus.

See the map on pages 16–17.

TAKE A TOUR OF CAMPUS
If you have a bit more time to spare you can explore Campus West and East using our self-guided tour: pick up a leaflet from the main help desks in Central Hall, Spring Lane Building, the Exhibition Centre, the Ron Cooke Hub and Vanbrugh College concourse.

PECKISH?
During the day there will be a number of food outlets open. Please refer to the map on page 16–17 for their locations (look for the knife and fork icon) and the back cover for opening times.

NEED HELP? JUST ASK!
Look out for our staff and Student Ambassadors wearing the turquoise University of York t-shirts – they will be on hand to help you with directions and general information about Open Day. You can also get advice and help at information points across the campus.

See the map on pages 16–17.

GET ONLINE TODAY
Please choose CityConnect as your network and log-in using a social media account, or by filling in a short web form.
## General Talks and Stands

DEPARTMENT PROGRAMMES

York’s academic departments offer a huge range of degree courses and their individual Open Day Department programmes (listed below) give you the chance to find out more. There are talks to introduce the department and mini-lectures which will give you a taste of what it would be like to study their subject at York. The following pages will help you plan your day to get the best information and advice. Many talks are repeated so you can pick the time which suits you best.
Computer Science

Housed in fabulous purpose-built facilities, York’s Department of Computer Science is one of the most highly regarded in the UK. Excellence in teaching and research alongside strong industrial partnerships (eg BAE Systems, QinetiQ and Rolls-Royce) will enhance wide-ranging career opportunities in industry, government and NGOs.

Stand location: Department of Chemistry, Campus West

Tours run throughout the day – visit stand for more information.

Chemistry

Come to York to study Chemistry in a large, vibrant, modern and cosmopolitan department. Consistently listed as one of the top chemistry departments in the country, we offer a highly supportive and flexible teaching environment. Our students are taught by inspiring and world-leading researchers. The course provides excellent, inspiring and world-leading researchers. The course provides excellent, wide-ranging career opportunities in industry, government and NGOs.

Stand location: Department of Chemistry, Campus West

Tours run throughout the day – visit stand for more information.

Economics

As one of the largest and top-ranked economics departments in the UK, with some 50 academic faculty members assembled from around the world, we possess a great diversity of expertise, as well as international experience. You have the choice of a variety of challenging modules, giving you the skills and experience sought by employers in banking, business, law, media, public sector and personnel departments.

Stand location: Exhibition Centre, Campus West

Physical Sciences

Electronic Engineering

Our degree programmes are designed to turn well-motivated and able students into practical and innovative engineers who are keenly sought by employers. Highly ranked teaching is complemented by extensive laboratories and specialist computing, nanotechnology, digital media and music studio facilities. Career options are numerous, including aerospace, communications, broadcasting, audio equipment design and computing.

Stand location: Exhibition Centre, Campus West

The Department of Electronic Engineering is open to visitors and tours run throughout the day – visit stand for more details.

Education

On our degree programmes you will learn about the organisation, content and practice of education through a broad range of disciplines, including psychology, sociology, history and politics. You will gain an understanding of the field of education and your degree in Education will enable you to work in a variety of settings, including primary education, special education, educational media, local government, educational publishing and educational research.

Stand location: Exhibition Centre, Campus West

Tours run throughout the day – visit stand for more details.

English and Related Literature

We are a World Top 25 and a UK Top 10 English Department with the highest UK ranking for ‘world leading’ research in English Literature. We offer our students unrivalled historical coverage and geographic range in a friendly, supportive academic environment. We also offer combined degrees with History, History of Art, Linguistics, Philosophy and Politics. Our highly skilled graduates pursue careers in government, law, teaching and the creative industries.

12.50–1.20pm, Sebohm Rowntree building, room ATB056/7

Mini-lecture: Communication skills in nursing and midwifery
12.50–1.20pm, Sebohm Rowntree building, room ATB056/7

Philosophy
Take the challenge of Philosophy at York. Taught by a friendly team of world-leading experts, you will develop skills in reasoned argument – highly favoured by a range of employers in fields from law to computing technology – while tackling some of life’s most perplexing questions.
Stand location: Exhibition Centre, Campus West

Mini-lecture: Sight, Touch and God
12.50–1.20pm, Vanbrugh College, room V045
Feel free to drop in to the Department for tea with staff and students between 1.30 and 2.30pm in the Sally Baldwin buildings, Block A, Campus West.

Physics
Choose Physics at York and you will be taught by world-leading experts in a friendly environment with excellent facilities. Stimulating course options across diverse fields such as astrophysics, plasma physics and fusion, nuclear physics and quantum computing will help you develop skills suited to further research or a high-flying career in fields ranging from engineering to finance.
Stand location: Exhibition Centre, Campus West
Tours of the teaching laboratories and the Astrocampus will be available throughout the day. Visit the stand in the Exhibition Centre for details.

Mini-lecture: Fusion close up
12.50–1.20pm, Exhibition Centre, room PL002

Politics
We provide an intellectually diverse, international and friendly environment in which you can study an extensive range of courses in politics, international relations and political theory. Our staff, who advise governments and international organisations on a wide range of issues, are committed to teaching and research of the highest standard. You can enhance your skills and employability by adding a study abroad or work placement year as part of your degree.
Stand location: Exhibition Centre, Campus West

Mini-lecture: Political Economy and Morality
2.30–3.00pm, Derwent College, room D056

Politics, Economics and Philosophy (PEP)
Studying for a multidisciplinary degree in the School of Politics, Economics and Philosophy is an exciting intellectual challenge. The mix of disciplines allows students to develop a broad range of academic skills, and to view the world from a variety of intellectual perspectives. Our PEP graduates go on to successful careers in many areas, including politics and government, law, the City and the voluntary sector.
Stand location: Exhibition Centre, Campus West

Mini-lecture: Psychology
12.00–12.30pm, Spring Lane Building, room SLB/118

Psychology
We are a world-class, research-led psychology department. Our course provides a broad introduction to experimental psychology in the first two years, covering neuropsychology, perception, cognition, development, language, social, personality and abnormal psychology. The final year allows a wide choice of topics for advanced courses and experimental projects, in preparation for postgraduate training and the workplace.

UNIVERSITY OF YORK OPEN DAY
ACCOMMODATION AND COLLEGES ON OPEN DAY

We’re proud to be one of a handful of UK universities with a college system. When you join us you’ll become a member of a small, distinct community, which will become your home from home whether you live on or off campus.

Your college will provide you with a network of support and a calendar of events and activities to help you settle in, develop skills and explore interests. Each of our colleges has its own unique history, layout, location, facilities and members, as well as accommodation. Whichever department you’re studying in, you can apply for rooms in any of our colleges.

Weekly room prices range from £106 for a self-catered economy shared bathroom option to £179 for a catered standard ensuite room (prices are for 2017/18 and may change), and we guarantee accommodation owned, managed or approved by the University if you apply by our deadline.

While you’re on campus, take the opportunity to ask our Student Ambassadors what they like about their college and visit a wide range of rooms. Just pick up our ‘Your home at York’ brochure and ‘rooms to view’ map from one of the main Open Day stands or the Accommodation stand, and follow the colourful sticky feet to the rooms that you’d like to see.

ANY QUESTIONS?
You can find our Accommodation team in the Spring Lane Building and the Ron Cooke Hub.

GOODRICKE
Standard ensuite, self-catered

Follow the green feet from the Ron Cooke Hub to Goodricke College

HALIFAX
Economy shared bathroom, self-catered
Standard shared bathroom, self-catered

There are special Open Day buses from outside the Exhibition Centre to Halifax College to speed things up during your visit, although Halifax College is only a short walk from the centre of Campus West.

Follow the light blue feet from Central Hall to the bus stop for Halifax College

VANBRUGH
Standard ensuite, self-catered

Economy shared bathroom, catered

Follow the purple feet from Central Hall to Vanbrugh College

Saturday 16 & Sunday 17 September 2017
York is a wonderful place for students. It combines the best aspects of a city with the intimacy of a town, with amazing shopping and a really good selection of bars and clubs. The local people are incredibly lovely and helpful towards students. I couldn’t have asked for a better or more beautiful place to live and study and wouldn’t want to be anywhere else.”

Katie, 1st year History

A great place to live

There is plenty to impress in our fascinating city: the famously soaring Gothic Minster, the winding medieval streets, shops, galleries, clubs, cafés, museums, theatres, music groups and sports clubs – York offers something for everyone.

York is student-friendly with a population of 200,000 – big enough to feel cosmopolitan but small enough to cycle and walk around. As well as being a world-wide tourist attraction the historic centre is a busy cultural hub for its residents too. There are numerous festivals including a Viking festival, a Christmas market and the annual Festival of Ideas, a collaboration between the University and our city partners which brings together world-class speakers, exhibitions and performances.

By night, York is just as fun and exciting. There is an impressive range of city centre clubs offering R&B, hip hop, dance, chart classics, indie, rock, Latin, soul and more – and there are student nights throughout the week. For live music aficionados, there is an eclectic mix of venues attracting aspiring musicians and established acts, while theatre-lovers can visit the Theatre Royal and the Grand Opera House for drama, dance, music and opera. There are several cinemas including the art-house City Screen which shows world cinema and big-name blockbusters. Throughout the year the Students’ Union, colleges and societies organise nights out to the large venues of Leeds and Manchester and a fast late night train service puts these cities in easy reach of York.

From York, you can also explore some of Britain’s most beautiful countryside: the Pennines, the Yorkshire Dales and the North York Moors, plus the seaside towns of Whitby, Scarborough and Robin Hood’s Bay are within easy reach.
A well-connected city

York is one of Britain’s best-connected cities. Situated almost halfway between London and Edinburgh on the East Coast mainline, intercity trains reach London in less than two hours and Edinburgh in two and a half. With Eurostar from London St Pancras, Paris is just over six hours away.

York is also well served by road links, and it is easily accessible from the A1, the M1 and the M62. For those travelling from overseas, Manchester Airport is two hours away and Heathrow just three and a half. Ferries from Hull and flights from nearby Leeds Bradford Airport provide easy access to mainland Europe.

Superb shopping

With more than 2,000 stores, York offers some of the most distinctive and stylish shopping in the UK. Major retail chains and big-name high street outlets mingle with designer boutiques, specialist stockists and organic food retailers. The city centre is compact, with many shops set in York’s medieval streets, but you will also find modern shopping complexes and a designer outlet on the outskirts. The thriving open-air market in the city centre is open daily and is a good source of fresh food.
Arriving by train
A special free Open Day bus service will run between York railway station and Campus Central car park at the University (around two miles). Look out for our Student Ambassadors in turquoise t-shirts or specially marked York Pullman buses immediately outside the station. The service will run from 8.45am, with the last free return service leaving the University at 4.30pm from Campus Central car park (see map). Please allow plenty of time for your journey between the railway station and the University, especially at peak times.

All return journeys to the railway station will leave from Campus Central car park on Campus West. To return to the railway station from Campus East, you will first have to take the free bus service to Campus Central car park.

Public transport
A regular bus service (66) is available at frequent intervals between the railway station and the campus (at a cost of around £2 per person return).
If you want to take a taxi, please ask the driver for Vanbrugh College. The cost from the railway station is around £7–£8 each way.

Travelling by car
A free Open Day park and ride service will be provided on each of our Open Days. The first shuttle bus to campus will leave at 8.45am. You can get off at Campus West or Campus East. All return buses will leave from Campus Central at Campus West and the last return bus will leave at 4.30pm.

PARK AND RIDE DETAILS
The park and ride service runs from the Yorkshire Air Museum on Halifax Way (about five miles from campus). The postcode for satnav purposes is YO41 4AU.
- Take the outer ring road (A64 on the south and east sides of the city, A1237 round the north and west) to the junction with Elvington Lane (B1228).
- From this junction, the route to the Yorkshire Air Museum will be signposted.
Getting around campus

Our campus is not as big as it looks and it’s easy to get around. Use our Walking Times guide below. If you prefer, take one of the free public buses (number 66) to travel around the campus. This service operates on a loop from the railway station to York Sport Village. You can catch buses at regular intervals from the three stops along University Road in the direction of Campus East to stops outside our Department of Theatre, Film and Television, the Ron Cooke Hub and the York Sport Village.

To go back to Campus West you can walk or get a number 66 bus to the Heslington Hall or Library bus stops at Campus West.

The special Open Day park and ride buses will call at Campus East on the way to Campus Central on Campus West. They will then loop back to the park and ride site.

All arrangements have been made in accordance with the University of York’s Sustainable Transport Plan and are correct at the time of going to print.
