

# MSc in Corporate Social Responsibility with Environmental Management

A Scientific Mind  
with Business Skills

Our 12-month Masters programme is the only one in the UK to combine the fields of business management and the environmental sciences to form sustainability managers, social entrepreneurs and strategic advisors to CEOs and policy-makers. Whether you have a business or a scientific background, we will make you influential in the boardroom and in the field.

## 5 REASONS TO JOIN US

### WHY THIS MASTERS ?

-This Masters programme is unique in the UK as it combines the fields of business management and the environmental sciences. From learning to read financial statements to analysing pollution data, negotiating and writing reports, you will learn a set of skills that put you at ease in a boardroom and in the field, making you attractive to employers.

- You will earn an average of £5,000 more a year over your working life than those without a postgraduate qualification.^

### JOBS\*

Environmental Managers, Sustainability Consultants, Supply Chain Analysts, Lobbyists...within 6 months after graduation:

- 71.4% are employed in the UK or abroad
- 15% obtain a scholarship for a PhD in the UK
- 13.6% start their own business

### STUDENT LIFE

Art, sport, adventure and a memorable night life, the medieval city of York is one of the most touristic and greenest places in the UK. Life on campus is vibrant with a population of more than 15,000 students, 350+ student societies and a £9m York Sport Village to train.

### WHO WE ARE

-The University of York: in the top 1% of universities worldwide\*\*. Our world leading academics contribute to research that changes the world. You will be taught by the people who write the books!

- Alumni Community: With over 100,000 graduates from 160 countries, there is a former student ready to help you anywhere. Just pick-up the phone.

### GLOBAL CITIZENSHIP

Exposure to global cultures through events and free classes to learn international languages (Mandarin, German, French, etc.). In the classroom and our campus, you will meet people from all over the world and will learn to work and play in a multi-cultural environment. The experience will give you an edge as a future leader.
