Signing Learner Compliance Documents and Reviews

Once you have logged into Aptem, hover over the icons on the left hand menu and select *Signatures*.

This will show you all outstanding Compliance and Review documents which require your signature.

The Compliance / Reviews button at the top of the screen allows you to toggle between the different document types.

For all learners employers are required to sign 4 documents;

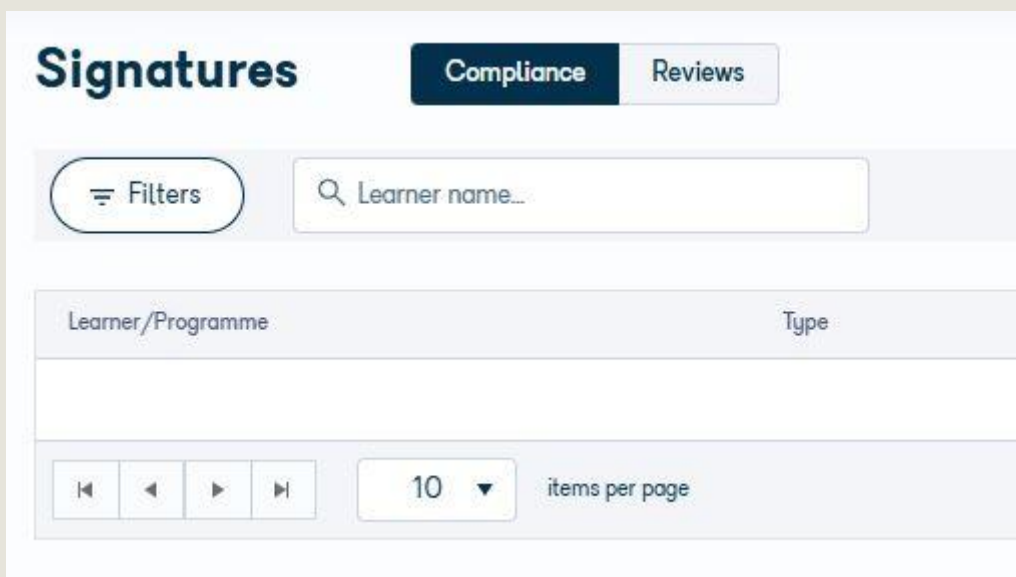

- Admissions Eligibility Review ([Review Document](#))
- Prior Learning / Skills Radar Review ([Review Document](#))
- Apprenticeship Agreement ([Compliance Document](#))
- Training Plan ([Compliance Document](#))

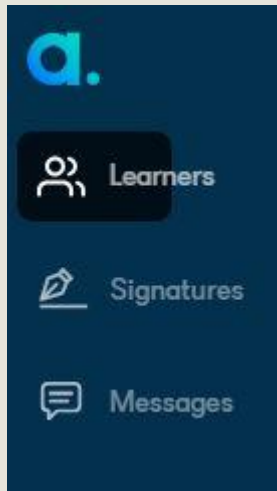

How to Sign

Click the *Sign* button alongside the first Compliance / Review document listed. Review the document, scrolling through the pages, and click the Signature box at the foot of the document. Click *Save*.

A copy of the document will be displayed for you to print and/or save if required. By closing this window, you will return to the original signature window. You will see that the signed review document is no longer listed. Repeat the above for each review document until your list is empty.

A screenshot of the 'Signatures' interface in the Aptem application. The title 'Signatures' is in large blue font. Below it are two tabs: 'Compliance' (selected, dark blue background) and 'Reviews' (light blue background). Below the tabs is a search bar with a magnifying glass icon and the text 'Learner name...'. To the left of the search bar is a 'Filters' button with a hamburger menu icon. Below the search bar is a table with two columns: 'Learner/Programme' and 'Type'. The table is currently empty. At the bottom of the interface is a pagination bar with navigation arrows, a dropdown menu showing '10', and the text 'items per page'.

Locating a Learner in Aptem

Once you have logged into Aptem, hover over the icons on the left hand navigation menu and select *Learners*.

Learners will show you a summary of all the learners you are responsible for, and a snapshot of their progress to date.

The learners grid will automatically show you a maximum of 10 learners, clicking the drop down allows you to view up to 20 per screen.

If you would like to locate a specific learner type their name into the bar at the top of the screen.

The learners visible to you are limited by your role and access. If you are responsible for multiple learners spread across different programmes and cohorts, clicking *Filters* at the top of the screen allows you to filter and narrow down the grid list to a specific programme and/or cohort. You can filter by programme, learner groups, learners and programme status.

To clear a filter, hover over the field and click the x-shaped symbol. This will clear the filter, and the list of learners is updated. To clear all the filters used, click Clear Filters.

For more detailed information on sorting, searching and filtering in *Learners*, please visit the [Aptem Help Centre](#).
