

Share your views about women donating eggs

for stem cell research: a public debate

RSVP

In preparation for this event, we are inviting all participants to pose a question to the panel. After gathering all the questions, the Talking About Stem Cell Research team will select some questions to be posed to the panel. There will also be further opportunities on the evening to ask any questions or share your thoughts.

My question is:

Whilst we encourage all participants to contribute on the evening, if you are uncomfortable with public speaking, please indicate below if you would like the Chair to ask the question on your behalf.

- I would like to ask the question myself at the event
or
 I would like the Chair to ask the question on my behalf
